500 Wedding Rings Lark Books, Marthe Le Van, 2007 Presents a wide range of creative wedding ring designs from the world's most innovative designers and jewelers, showcasing a collection of contemporary, handmade wedding bands and engagement rings for both men and women by Etienne Peret, James Kaya, and other artists.

*With This Ring* Penny Proddow, Marion Fasel, 2004 From In Style's jewellery editors, a guide which offers everything a bride and groom need to know about engagement rings and wedding bands

*Design Your Dream Wedding Rings* Calla Gold, 2019-01-25 Your wedding rings are the most important pieces of jewelry you'll ever have. As a symbol of love and a pledge of faithfulness they hold much. Making them unique is a fun and creative process. Author Calla Gold believes there is a jewelry designer in each one of us and that the jeweler's job is to ask questions and help find that design inside of you. In this book you'll find examples of textures and details that add definition to your design, that evoke a feeling or vibe. You'll see how your lifestyle effects your ring design choices. You'll read stories like the way Marlo and Ben used family diamonds in their designs, how the right shaped center diamond helped Kaitlyn's short fingers look longer, and how a Rock and Roll drummer chose a special finish to make his fiancé's ring pop. Questions like these will be answered; what's the difference between platinum and white gold? What engraving techniques are out there and which ones would work for you? Is rose gold a safe choice with tiny prongs? What's the difference between the engagement ring and the wedding band? What are good gemstone alternatives to a diamond in the center? This book is your guide to creating your dream engagement and wedding rings.

*The Sabbath-school Index* Richard Gay Pardee, 1868

*Accidental Saints* Bolz-Weber Nadia, 2015-10-27 What if the annoying person you try to avoid is actually an accidental saint in your life? What if, even in our failings, holy moments are waiting to happen? Nadia Bolz-Weber demonstrates what happens when ordinary people meet to explore the Christian faith. Their faltering steps towards wholeness will ring true for believer and sceptic alike.

Sabbath as Resistance Walter Brueggemann, 2014-01-03 Discussions about the Sabbath often center around moralistic laws and arguments over whether a person should be able to play cards or purchase liquor on Sundays. In this volume, popular author Walter Brueggemann writes that the Sabbath is not simply about keeping rules but rather about becoming a whole person and restoring a whole society. Importantly, Brueggemann speaks to a 24/7 society of consumption, a society in which we live to achieve, accomplish, perform, and possess. We want more, own more, use more, eat more, and drink more. Keeping the Sabbath allows us to break this restless cycle and focus on what is truly important: God, other people, all life. Brueggemann offers a transformative vision of the wholeness God intends, giving world-weary Christians a glimpse of a more

fulfilling and simpler life through Sabbath observance.

**The Book of Sharks** Rob Carney, 2018 Poetry. THE BOOK OF SHARKS is an accomplishment at the micro and macro level. Rob Carney has crafted lines that you'll want to save for your next tattoo inside of efficient poems that touch on creation myth, forgotten industries, and slices of life in villages he manufactures with a creator's divine spark. All of this works on its own inside of a larger, complex quilt that he has woven into an intricate pattern that revisits themes, finishes stories, and reminds you that THE BOOK OF SHARKS is a larger poem that is greater than just its sharpened teeth.--Jesse Parent In precise, sharp lines, Rob Carney's THE BOOK OF SHARKS builds and interrogates myth and myth-makers, turning to sharks to also turn inward and outward, exploring one's purpose and place and the stories one tells to make meaning. Here, poems wash out and return like the tides they describe, inviting the reader to feel their weight, as if 'to disappear under the stories / as though they were waves.' In the end, whether in water, sky, or story, Carney invites us to consider the essential motivation of 'moving, arriving, being full,' what it means to seek.--Callista Buchen 'Some say sharks are the ocean's anger at us for being in its future,' writes Rob Carney. I say poems are sharks' way of forgiving us for the soup, the necklaces, the movies, and the mascots. And, let's not even mention climate change. Rob Carney's trenchant, probing poems circle around the self, not so much sensing blood but, perhaps even more dangerously, searching for understanding. Part confession, part documentation, part meditation, these smartly crafted lyrics explore how and why we have and have not allowed sharks (metaphors for so many things) to swim into our lives. This is a major effort from a talented poet.--Dean Rader In his ambitious collection, THE BOOK OF SHARKS, Rob Carney reimagines the human world and facets of contemporary society by creating a mythology and origin story that correct the erroneous legend of sharks. In building a new lens through which to view the sea and its most vilified species, Carney opens up a new way to conceive of art, life, storytelling, and the connections among living creatures in the sea, on land, and among the stars. 'Some say sharks are the ocean's anger,' he repeats in two poems, and later--as the collection evolves--they become 'the ocean's blueprint.' In this collection, comprised of seven sections, containing seven poems each, Carney weds structure and symbolism to reinforce his creation myth; correction and etymology to reconfigure historical facts; and repetition of images and phrases to place these poems--all without titles, bleeding poignantly into one another as part of an ongoing narrative or interconnected species--in the epic tradition. Here we are offered a sympathetic view of sharks, an alternative way to see constellations and their corresponding myths, and a new foundation from which to begin our lives and our stories. Carney's speaker demands that we reexamine what is actually dangerous versus what's been stereotyped so, and most of all he begs us to see ourselves new, 'to bear in mind / we aren't the measure of Creation. Just a part.'--Lisa Fay Coutley
