Design Your Dream Wedding Rings Calla Gold, 2019-01-25 Your wedding rings are the most important pieces of jewelry you'll ever have. As a symbol of love and a pledge of faithfulness they hold much. Making them unique is a fun and creative process. Author Calla Gold believes there is a jewelry designer in each one of us and that the jeweler's job is to ask questions and help find that design inside of you. In this book you'll find examples of textures and details that add definition to your design, that evoke a feeling or vibe. You'll see how your lifestyle effects your ring design choices. You'll read stories like the way Marlo and Ben used family diamonds in their designs, how the right shaped center diamond helped Kaitlyn's short fingers look longer, and how a Rock and Roll drummer chose a special finish to make his fiancé's ring pop. Questions like these will be answered; what's the difference between platinum and white gold? What engraving techniques are out there and which ones would work for you? Is rose gold a safe choice with tiny prongs? What's the difference between the engagement ring and the wedding band? What are good gemstone alternatives to a diamond in the center? This book is your guide to creating your dream engagement and wedding rings.

The Engagement Ring Guide For Men: Everything You Should Know Before Popping The Question Michael Khordipour, Afshin Shaddaie, Benjamin Khordipour, 2019-11-12 An easy-to-read book that will help you navigate through one of the biggest moments (and purchases) of your life. Khordipour and Shaddaie of Estate Diamond Jewelry have been selling vintage rings and jewelry for decades, and throughout all that time they kept seeing the same problem pop up: most guys who are looking to buy an engagement ring enter the store with almost no prior knowledge. They are completely at the mercy of the jeweler. Most men don't even know what the word carat actually means. Important words like filigree, fluorescence, bezel-set, milgrain, or polished girdle are like a completely different language to them. Last year, however, Khordipour and Shaddaie decided that they were going to fix this problem. They set out to write a book that would provide all the answers that someone would need to know before buying their engagement ring. Here is what you can expect to learn from this book: A Complete Education on Diamonds Tips to Saving Money on Your Ring An Overall Jewelry Education How to Propose Successfully? Engagement Ring Customs and Traditions How to Figure Out Her Style Discover if you're Ready to Get Married?

Minimalista Shira Gill,2021-11-02 Elevate your personal style, trim your belongings, and transform your life, one room at a time, with this visionary lifestyle and home organization book from professional organizing expert, Shira Gill. “Warm, funny, and direct, Shira builds you up while helping you edit down to the best version of yourself.”—Stacy London, New York Times bestselling author of *The Truth About Style* As a professional home organizer with clients ranging from students to multi-millionaires, Shira Gill observed that clutter is a universal stress trigger. Over the years she created a signature decluttering and organization process that promotes sustainability, achieves lasting results, and can be applied to anyone, regardless of their space or lifestyle. Rather than imposing strict rules and limitations, Shira redefines minimalism as having the perfect amount of everything—for you—based on your personal values and the limitations of your space. Now, in *Minimalista*, Shira shares her complete toolkit for the first time, built around five key steps: Clarify, Edit, Organize, Elevate, and Maintain. Once you learn the methodology you'll dive into the hands-on work, choose-your-own-adventure style: knock

out a room, or even a single drawer; style a bookshelf; donate a sweater. Shira teaches that the most important thing you can do is start, and that small victories, achieved one at a time, will snowball into massive transformation. Broken into small, bite-sized chunks, *Minimalista* makes it clear that if the process is fun and easy to follow, anyone can learn the principles of editing and organization.
