**Design Your Dream Wedding Rings** Calla Gold, 2019-01-25 Your wedding rings are the most important pieces of jewelry you'll ever have. As a symbol of love and a pledge of faithfulness they hold much. Making them unique is a fun and creative process. Author Calla Gold believes there is a jewelry designer in each one of us and that the jeweler's job is to ask questions and help find that design inside of you. In this book you'll find examples of textures and details that add definition to your design, that evoke a feeling or vibe. You'll see how your lifestyle effects your ring design choices. You'll read stories like the way Marlo and Ben used family diamonds in their designs, how the right shaped center diamond helped Kaitlyn's short fingers look longer, and how a Rock and Roll drummer chose a special finish to make his fiancé's ring pop. Questions like these will be answered; what's the difference between platinum and white gold? What engraving techniques are out there and which ones would work for you? Is rose gold a safe choice with tiny prongs? What's the difference between the engagement ring and the wedding band? What are good gemstone alternatives to a diamond in the center? This book is your guide to creating your dream engagement and wedding rings.

**Lesya Ukrainka** Constantine Bida, 1968-12-15 The Ukrainian national poetess Lesya Ukrainka (1871-1913) has contributed greatly to the development of Ukrainian Modernism and its transition from Ukrainian ethnographic themes to subjects that were universal, historical and psychological. Breaking the thematic conventions of populist literature, she sought difficult and complex motifs and gave them original treatment: themes such as the revolutionary ideological conflicts of the seventeenth and eighteenth centuries, which appear in some of her later poetry, are strengthened, given greater impact by her method of applying the individual and the personal to the more general concepts. From the beginning of her career her poetry was characterized by the theme of the poet's vocation and by the motifs connected with it—loneliness and alienation from society. Associated motifs deal with her love of freedom (national freedom in particular) and her hatred of anything weak and undecided. This book, sponsored by the Women's Council of the Ukrainian Canadian Committee, is a discussion of her life and works and includes selected translations: Robert Bruce (1903), Cassandra (1907), The Orgy (1913), The Stone Host (1912), and "Contra spem spero." Readers interested in development of poetic style can study the gradual evolution from the lyrical to the precise and analytical manner of the prose-poems of Lesya Ukrainka, and discover the

thematic wealth, depth of thought, and emotional power of her poetry.

*A Blues Bibliography* Robert Ford, 2008-03-31 *A Blues Bibliography*, Second Edition is a revised and enlarged version of the definitive blues bibliography first published in 1999. Material previously omitted from the first edition has now been included, and the bibliography has been expanded to include works published since then. In addition to biographical references, this work includes entries on the history and background of the blues, instruments, record labels, reference sources, regional variations and lyric transcriptions and musical analysis. The Blues Bibliography is an invaluable guide to the enthusiastic market among libraries specializing in music and African-American culture and among individual blues scholars.

*Badlands National Monument, South Dakota* Carl Robert Swartzlow, Robert F. Upton, 1962

*Oldest Stories in the World* Theodor H. Gaster, 2018-09 This book was assembled by a scholar of language and religion in order to bring together the best collection of the oldest stories known to man. They are older than anything in the Bible, or than Homer, or than the epic poems of India. They were recovered from the ruins of ancient cities and were originally written and told by the Assyrians and Babylonians of Mesopotamia, as well as the Hittites and Canaanites. There are 13 stories in all, some of which the reader will recognize, but others that are rarely or never seen anywhere else. Stories, in their order of appearance, are: The Adventures of Gilgamesh, The War of the Gods, Borrowed Plumes, The Lost Chance, How Toothache Came into the World, The God Who Disappeared, The Monster Made of Stone, The Snaring of the Dragon, Kessi and Huntsman, Master Good and Master Bad, The Heavenly Bow, The King Who Forgot, and The Story of Baal. The author was once the chief of the Hebraic section of the Library of Congress and the first to do a complete translation of the Dead Sea Scriptures in English. An invaluable bonus is that he shares his vast knowledge and expertise after each story with a commentary, including cross-cultural comparisons and a host of other interesting facts. For example, after The Story of Baal he tells us that the main story came from cuneiform tablets in Syria, but its' ending was discovered on a fragment of papyrus in Egypt. This book is essential for those researching the first cultures of mankind or the earliest stories of the gods.
