Design Your Dream Wedding Rings Calla Gold, 2019-01-25 Your wedding rings are the most important pieces of jewelry you'll ever have. As a symbol of love and a pledge of faithfulness they hold much. Making them unique is a fun and creative process. Author Calla Gold believes there is a jewelry designer in each one of us and that the jeweler's job is to ask questions and help find that design inside of you. In this book you'll find examples of textures and details that add definition to your design, that evoke a feeling or vibe. You'll see how your lifestyle effects your ring design choices. You'll read stories like the way Marlo and Ben used family diamonds in their designs, how the right shaped center diamond helped Kaitlyn's short fingers look longer, and how a Rock and Roll drummer chose a special finish to make his fiancé's ring pop. Questions like these will be answered; what's the difference between platinum and white gold? What engraving techniques are out there and which ones would work for you? Is rose gold a safe choice with tiny prongs? What's the difference between the engagement ring and the wedding band? What are good gemstone alternatives to a diamond in the center? This book is your guide to creating your dream engagement and wedding rings.

Engagement & Wedding Rings Antoinette Leonard Matlins, Antonio C. Bonanno, 1999 Traces the history of wedding and engagement rings, and offers advice on selecting a ring.

Bridal Jewellery Clare Yarwood-White, 2007-05-21 Bridal jewelry is, for many women, the most cherished jewelry they will ever own.

Elizabeth and Leicester Sarah Gristwood, 2008-10-28 View our feature on Sarah Gristwood's Elizabeth & Leicester. Though the story has been told on film—and whispered in historic gossip—this is the first book in almost fifty years to solely explore the great queen's attachment to her beloved Robert Dudley, the Earl of Leicester. Fueled by scandal and intrigue, their relationship set the explosive connection between public and private life in sixteenth-century England in bold relief. Why did they never marry? How much of what seemed a passionate obsession was actually political convenience? Elizabeth and Leicester reignites this 400- year-old love story in a book for anyone interested in Elizabethan literature.

Gaming Rhythms Tom Apperley, 2011-06-16 Global gaming networks are heterogenous collectives of localized practices, not unified commercial products. Shifting the analysis of digital games to local specificities that build and perform the global and general, Gaming Rhythms employs ethnographic work conducted in Venezuela and Australia to account for the material experiences of actual game players. This book explores the materiality of digital play across diverse locations and argues that the dynamic relation between the everyday life of the player and the experience of digital game play can only be understood by examining play-practices in their specific situations. -- Website.

Rhythm 'n Jazz Alain Caron, 1998-11-01 The scores, parts and MASTER TRACKS Alain Caron's CD Rhythm'n Jazz. The play-along CD contains the exact tracks that appear on Alain's album -- minus the bass -- so you can play with these great musicians. Songs include: The Bump * Fat Cat * District 6 * Slam the Clown * Little Miss Match * I.C.U. * Cherokee Drive * Fight of the Bumble Bee * Donna Lee * Intuitions.

Geographies of Rhythm Tim Edensor, 2016-04-15 In Rhythmanalysis, Henri Lefebvre put forward his ideas on the relationship between time and space, particularly how rhythms characterize space. Here, leading geographers advance and expand on Lefebvre's theories, examining how they intersect with current theoretical and political concerns within the social

sciences. In terms of geography, rhythm analysis highlights tensions between repetition and innovation, between the need for consistency and the need for disruption. These tensions reveal the ways in which social time is managed to ensure a measure of stability through the instantiation of temporal norms, whilst at the same time showing how this is often challenged. In looking at the rhythms of geographies, and drawing upon a wide range of geographical contexts, this book explores the ordering of different rhythms according to four main themes: rhythms of nature, rhythms of everyday life, rhythms of mobility, and the official and routine rhythms which superimpose themselves on the multiple rhythms of the body.

Public Secrets Ken Knabb, 1997 The greatest hits, and a fine read for anyone interested in situationist ideas, anarchism, the 60s counterculture and beyond. Includes both two substantial new texts - 'The Joy Of Revolution' and 'Autobiography,' and reprints of all his old pamphlets, co-authored work, and translations of various situationist texts. A veritable treasure trove of pamphlets, texts, posters, comics, articles, leaflets and essays. Over 400 pages, and every one is a winner!

Guy Debord and the Situationist International Tom McDonough, 2004-02-27 Critical texts, translations, documents, and photographs on the work of the Situationist International. This volume is a revised and expanded version of a special issue of the journal *October* (Winter 1997) that was devoted to the work of the Situationist International (SI). The first section of the issue contained previously unpublished critical texts, and the second section contained translations of primary texts that had previously been unavailable in English. The emphasis was on the SI's profound engagement with the art and cultural politics of their time (1957-1972), with a strong argument for their primarily political and activist stance by two former members of the group, T. J. Clark and Donald Nicholson-Smith. Guy Debord and the Situationist International supplements both sections. It reprints important, hard to find essays by Giorgio Agamben, Libero Andreotti, Jonathan Crary, Thomas Y. Levin, Greil Marcus, and Tom McDonough and doubles the number of translations of primary texts, which now encompass a broader and more representative range of the SI's writings on culture and language. In a field still dominated by hagiography, the critical texts were selected for their willingness to confront critically the history and legacy of the SI. They examine the group within the broader framework of the historical and neo-avant-gardes and, beyond that, the postwar world in general. The translations trace the SI's reflections on the legacy of the avant-garde in art and architecture, particularly on the linguistic and spatial significance of montage aesthetics. Many of the translated works are by Guy Debord (1932-1994), the impresario of the SI, especially known for his book *The Society of the Spectacle*.
