Historical Reminiscences of the Early Times in Marlborough, Massachusetts, and Prominent Events from 1860 to 1910
Ella A. Bigelow, 1910

The Last Ghetto Anna Hájková, 2020-11-05 Terezín, as it was known in Czech, or Theresienstadt as it was known in German, was operated by the Nazis between November 1941 and May 1945 as a transit ghetto for Central and Western European Jews before their deportation for murder in the East. Terezín was the last ghetto to be liberated, one day after the end of World War II. *The Last Ghetto* is the first in-depth analytical history of a prison society during the Holocaust. Rather than depict the prison society which existed within the ghetto as an exceptional one, unique in kind and not understandable by normal analytical methods, Anna Hájková argues that such prison societies that developed during the Holocaust are best understood as simply other instances of the societies human beings create under normal circumstances. Challenging conventional claims of Holocaust exceptionalism, Hájková insists instead that we ought to view the Holocaust with the same analytical tools as other historical events. The prison society of Terezín produced its own social hierarchies under which seemingly small differences among prisoners (of age, ethnicity, or previous occupation) could determine whether one ultimately lived or died. During the three and a half years of the camp's existence, prisoners created their own culture and habits, bonded, fell in love, and forged new families. Based on extensive archival research in nine languages and on empathetic reading of victim testimonies, *The Last Ghetto* is a transnational, cultural, social, gender, and organizational history of Terezín, revealing how human society works in extremis and highlighting the key issues of responsibility, agency and its boundaries, and belonging.

The Heimat Abroad K. Molly O'Donnell, Renate Bridenthal, Nancy Reagin, 2010-02-22 Germans have been one of the most mobile and dispersed populations on earth. Communities of German speakers, scattered around the globe, have long believed they could recreate their Heimat (homeland) wherever they moved, and that their enclaves could remain truly German. Furthermore, the history of Germany is inextricably tied to Germans outside the homeland who formed new communities that often retained their Germanness. Emigrants, including political, economic, and religious exiles such as Jewish Germans, fostered a nostalgia for home, which, along with longstanding mutual ties of family, trade, and culture, bound them to Germany. *The Heimat Abroad* is the first book to examine the problem of Germany's long and complex

relationship to ethnic Germans outside its national borders. Beyond defining who is German and what makes them so, the book reconceives German identity and history in global terms and challenges the nation state and its borders as the sole basis of German nationalism. Krista O'Donnell is Associate Professor of History, William Paterson University. Nancy Reagin is Professor of History, Pace University. Renete Bridenthal is Emerita Professor of History, Brooklyn College of the City University of New York.

Politics and State Building in Solomon Islands Sinclair Dinnen, Stewart Firth, 2008-05-01 Politics and State Building in Solomon Islands examines a crisis moment in recent Solomon Islands history. Contributors examine what happened when unrest engulfed the capital of the small Melanesian country in the aftermath of the 2006 national elections, and consider what these events show about the Solomon Islands political system, the influence of Asian interests in business and politics, and why the crisis is best understood in the context of the country's volatile blend of traditional and modern politics. Until the disturbances of April 2006 and subsequent deterioration in bilateral relations between Australia and Solomon Islands under the Sogavare government, experts had hailed the Regional Assistance Mission to Solomon Islands (RAMSI) as an unqualified success. Some saw it as a model for 'cooperative intervention' in 'failing states' worldwide. Following these developments success seems less certain and aspects of the RAMSI model appear flawed. Using the case of Solomon Islands, this book raises fundamental questions about the nature of 'cooperative intervention' as a vehicle for state building, asking whether it should be construed as a mainly technical endeavour or whether it is unavoidably a political undertaking with political consequences. Providing a critical but balanced analysis, Politics and State Building in Solomon Islands has important implications for the wider debate about international state-building interventions in 'failed' and 'failing' states.

The Order of Terror Wolfgang Sofsky, 2013-06-17 During the twelve years from 1933 until 1945, the concentration camp operated as a terror society. In this pioneering book, the renowned German sociologist Wolfgang Sofsky looks at the concentration camp from the inside as a laboratory of cruelty and a system of absolute power built on extreme violence, starvation, terror labor, and the business-like extermination of human beings. Based on historical documents and the reports of survivors, the book details how the resistance of prisoners was broken down. Arbitrary terror and routine violence destroyed personal identity and social solidarity, disrupted the very ideas of time and space, perverted human work into torture, and unleashed innumerable atrocities. As a result, daily life was reduced to a permanent struggle for survival, even as the meaning of self-preservation was extinguished. Sofsky takes us from the searing, unforgettable image of the Muselmann--Auschwitz jargon for the walking dead--to chronicles of epidemics, terror punishments, selections, and torture. The society of the camp was dominated by the S.S. and a system of graduated and forced collaboration which turned selected victims into accomplices of terror. Sofsky shows that the S.S. was not a rigid bureaucracy, but a system with ample room for autonomy. The S.S. demanded individual initiative of its members. Consequently, although they were not required to torment

or murder prisoners, officers and guards often exploited their freedom to do so--in passing or on a whim, with cause, or without. The order of terror described by Sofsky culminated in the organized murder of millions of European Jews and Gypsies in the death-factories of Auschwitz and Treblinka. By the end of this book, Sofsky shows that the German concentration camp system cannot be seen as a temporary lapse into barbarism. Instead, it must be conceived as a product of modern civilization, where institutionalized, state-run human cruelty became possible with or without the mobilizing feelings of hatred.

The Jews of Bialystok During World War II and the Holocaust Sara Bender,2008 Jewish society as an active protagonist in the story of the Holocaust

The Terezin Diary of Gonda Redlich Saul S. Friedman,2014-07-11 In 1941, the fortress city of Terezin, outside Prague, was ostensibly converted into model ghetto, where Jews could temporarily reside before being sent to a more permanent settlement. In reality it was a way station to Auschwitz. When young Gonda Redlich was deported to Terezin in December of 1941, the elders selected him to be in charge of the youth welfare department. He kept a diary during his imprisonment, chronicling the fear and desperation of life in the ghetto, the attempts people made to create a cultural and social life, and the disease, death, rumors, and hopes that were part of daily existence. Before his own deportation to Auschwitz, with his wife and son, in 1944, he concealed his diary in an attic, where it remained until discovered by Czech workers in 1967.

Sanctuary Cinema Terry Lindvall,2011 Sanctuary Cinema provides the first history of the origins of the Christian film industry. Focusing on the early days of film during the silent era, it traces the ways in which the Church came to adopt film making as a way of conveying the Christian message to adherents. Surprisingly, rather than separating themselves from Hollywood or the American entertainment culture, early Christian film makers embraced Hollywood cinematic techniques and often populated their films with attractive actors and actresses. But they communicated their sectarian message effectively to believers, and helped to shape subsequent understandings of the Gospel message, which had historically been almost exclusively verbal, not communicated through visual media. While radio eclipsed the motion picture as the Christian communication media of choice by the 1920s, the early film makers had laid the foundations for the current re-emergence of Christian film and entertainment, from Veggie Tales to The Passion of the Christ.

The Harp of God Joseph Franklin Rutherford,1921

Unspeakable Truths Priscilla B. Hayner,2002 In a sweeping review of forty truth commissions, Priscilla Hayner delivers a definitive exploration of the global experience in official truth-seeking after widespread atrocities. When Unspeakable Truths was first published in 2001, it quickly became a classic, helping to define the field of truth commissions and the broader arena of transitional justice. This second edition is fully updated and expanded, covering twenty new commissions

formed in the last ten years, analyzing new trends, and offering detailed charts that assess the impact of truth commissions and provide comparative information not previously available. Placing the increasing number of truth commissions within the broader expansion in transitional justice, *Unspeakable Truths* surveys key developments and new thinking in reparations, international justice, healing from trauma, and other areas. The book challenges many widely-held assumptions, based on hundreds of interviews and a sweeping review of the literature. This book will help to define how these issues are addressed in the future.

Jehovah's Witnesses Marley Cole, 2019-03-19 This book, first published in 1956, is the first authoritative, comprehensive account of the worldwide activities of Jehovah's Witnesses. It traces their origins and development, and a special section covers the founding, organization and development of the movement in Great Britain.

The Jews of Vienna, 1867-1914 Marsha L. Rozenblit, 2012-02-01 Ablaze with excitement, effervescent with creativity—late nineteenth-century Vienna was the ideal site for this analysis of the ways in which a sizable and significant group of Jews was assimilated into European society. After leaving homes in the Austrian and Hungarian provinces and migrating to the Austrian capital, the Jews underwent a variety of profound changes. *The Jews of Vienna* shows how they successfully transformed old, identifiably Jewish patterns of behavior into modern urban variations, without abandoning their ethnic identity in the process. Marsha L. Rozenblit describes the Jews' migration to Vienna, the occupational changes they experienced in the city, where and how they lived, the various means they used to achieve social integration, and the vibrant network of Jewish organizations they established. As they evolved new patterns of urban Jewish life, the Viennese immigrants also created ideologies which defined the place of the Jew in European society. Rozenblit shows how this urbanization led to social change while simultaneously providing the necessary demographic foundation for continued Jewish identity in modern Europe.

The Last Days of the Jerusalem of Lithuania Herman Kruk, 2002-01-01 The widely scattered pages of the diaries, collected here for the first time, have been meticulously deciphered, translated, and annotated for this volume..

The Religions of Oceania Garry Trompf, 2005-08-18 More than a quarter of the world's religions are to be found in the regions of Australia, Melanesia, Micronesia and Polynesia, together called Oceania. *The Religions of Oceania* is the first book to bring together up-to-date information on the great and changing variety of traditional religions in the Pacific zone. The book also deals with indigenous Christianity and its wide influence across the region, and includes new religious movements generated by the responses of indigenous peoples to colonists and missionaries, the best known of these being the 'Cargo Cults' of Melanesia. The authors present a thorough and accessible examination of the fascinating diversity of religious practices in the area, analysing new religious developments, and providing clear interpretative tools and a mine of information to help the student better understand the world's most complex ethnologic tapestry.

Wealth of the Solomons Judith A. Bennett,1987-05-01 Du site de l'éd.: The history of the Solomon Islands is in itself an intriguing story, and Dr. Bennett tells it more than well. The depth and breadth of the work is impressive in at least two respects. First, it covers events in the Solomons from initial European contact in the middle-1500s to the country's emergence as an independent and sovereign state in 1978. Second, all facets of colonial history are covered; to name only a few: the early contact period, the whaling trade, the development of plantations, the nature of British colonial rule, and missionization. Considering the scope of this volume, it represents a definitive history of the Solomon Islands, and it will remain so for many years to come.

Apocalypse Delayed M. James Penton,1997-01-01 M. James Penton offers a comprehensive overview of a remarkable religious movement, from the Witnesses' inauspicious creation by a Pennsylvania preacher in the 1870s to its position as a religious sect with millions of followers world-wide. This second edition features an afterword by the author and an expanded bibliography.

Values and Violence in Auschwitz Anna Pawełczyńska,1980-01-01

Theresienstadt 1941-1945 H. G. Adler,2017-04-06 The first English-language edition of H. G. Adler's acclaimed account of the Jewish ghetto in the Czech city of Terezin.

Historians and Nationalism Monika Baár,2010-02-25 Monika Baár examines the work of five prominent East-Central European historians in the 19th century, analyzing and contrasting their body of work, their promotion of a national culture, and the contributions they made to European historiography.

Different Horrors, Same Hell Myrna Goldenberg,Amy Shapiro,2013-05-15 Different Horrors, Same Hell brings together a variety of essays demonstrating the breadth of contributions that feminist theory and gender analysis make to the study of the Holocaust. The collection provides new perspectives on central works of Holocaust scholarship and representation, from the books of Hannah Arendt and Ruth Klüger to films such as Claude Lanzmann's Shoah and Steven Spielberg's Schindler's List. Interviews with survivors and their descendants draw new attention to the significance of women's roles and family structures during and in the aftermath of the Holocaust, and interviews and archival research reveal the undercurrents of sexual violence within the Final Solution. As Doris Bergen shows in the book's first chapter, the focus on women's and gender issues in this collection complicates familiar and outworn categories, and humanizes the past in powerful ways.
