*Design Your Dream Wedding Rings* Calla Gold, 2019-01-25 Your wedding rings are the most important pieces of jewelry you'll ever have. As a symbol of love and a pledge of faithfulness they hold much. Making them unique is a fun and creative process. Author Calla Gold believes there is a jewelry designer in each one of us and that the jeweler's job is to ask questions and help find that design inside of you. In this book you'll find examples of textures and details that add definition to your design, that evoke a feeling or vibe. You'll see how your lifestyle effects your ring design choices. You'll read stories like the way Marlo and Ben used family diamonds in their designs, how the right shaped center diamond helped Kaitlyn's short fingers look longer, and how a Rock and Roll drummer chose a special finish to make his fiancé's ring pop. Questions like these will be answered; what's the difference between platinum and white gold? What engraving techniques are out there and which ones would work for you? Is rose gold a safe choice with tiny prongs? What's the difference between the engagement ring and the wedding band? What are good gemstone alternatives to a diamond in the center? This book is your guide to creating your dream engagement and wedding rings.

**The Art of Empire** Lee M. Jefferson, Robin M. Jensen, 2015-10-01 In recent years, art historians such as Johannes Deckers (*Picturing the Bible*, 2009) have argued for a significant transition in fourth- and fifth-century images of Jesus following the conversion of Constantine. Broadly speaking, they perceive the image of a peaceful, benevolent shepherd transformed into a powerful, enthroned Jesus, mimicking and mirroring the dominance and authority of the emperor. The powers of church and state are thus conveniently synthesized in such a potent image. This deeply rooted position assumes that ante-pacem images of Jesus were uniformly humble while post-Constantinian images exuded the grandeur of power and glory. The Art of Empire contends that the art and imagery of Late Antiquity merits a more nuanced understanding of the

context of the imperial period before and after Constantine. The chapters in this collection each treat an aspect of the relationship between early Christian art and the rituals, practices, or imagery of the Empire, and offer a new and fresh perspective on the development of Christian art in its imperial background.

When Christians Were Jews Paula Fredriksen,2018-10-23 A compelling account of Christianity's Jewish beginnings, from one of the world's leading scholars of ancient religion How did a group of charismatic, apocalyptic Jewish missionaries, working to prepare their world for the impending realization of God's promises to Israel, end up inaugurating a movement that would grow into the gentile church? Committed to Jesus's prophecy—"The Kingdom of God is at hand!"—they were, in their own eyes, history's last generation. But in history's eyes, they became the first Christians. In this electrifying social and intellectual history, Paula Fredriksen answers this question by reconstructing the life of the earliest Jerusalem community. As her account arcs from this group's hopeful celebration of Passover with Jesus, through their bitter controversies that fragmented the movement's midcentury missions, to the city's fiery end in the Roman destruction of Jerusalem, she brings this vibrant apostolic community to life. Fredriksen offers a vivid portrait both of this temple-centered messianic movement and of the bedrock convictions that animated and sustained it.

Some of the First Settlers of The Forks of the Delaware and Their Descendants Henry Martyn Kieffer,2022-01-25 By: The Rev. Henry Martyn Kieffer, Pub. 1902, reprinted 2022, 512 pages, Index, soft cover, ISBN #0-89308-452-3. This book which was transcribed by the author from German to English of the record books of the First Reformed Church of Easton are contemporaneous in their origin with the beginnings of the settlement of the city of Easton. The city of Easton lies with Northampton County. This book contains information on thousands of descendants from Easton and Northampton County. These records are in chronological order starting around 1760 and continuing on to the 1850's and are divided into three main categories: (1) baptisms: giving parents' names, infant's name, date of birth, and names of godparents; (2) deaths and burials: giving names and dates and sometimes place of residence; and (3) marriages: giving names of brides and grooms and dates. The Index has over 13,000 entries of these individuals within this book.

The Second Church Ramsay MacMullen, 2009 Christianity in the century both before and after Constantine's conversion is familiar thanks to the written sources; now Ramsay MacMullen, in his fifth book on ancient Christianity, considers especially the unwritten evidence. He uses excavation reports about hundreds of churches of the fourth century to show what worshipers did in them and in the cemeteries where most of them were built. What emerges, in this richly illustrated work, is a religion that ordinary Christians, by far the majority, practiced in a different and largely forgotten second church. The picture fits with textual evidence that has been often misunderstood or little noticed. The first church the familiar one governed by bishops in part condemned, in part tolerated, and in part re-shaped the church of the many. Even together, however, the two constituted by the end of the period studied (AD 400) a total of the population far smaller than has ever been suggested. Better estimates are now made for the first time from quantifiable data, that is, from the physical space available for attendance in places of worship. Reassessment raises very large questions about the place of religion in the life of the times and in the social composition of both churches.

*Material Identities* Joanna Sofaer, 2008-04-15 *Material Identities* examines the way that individuals use material objects as tools for projecting aspects of their identities. Considers the way identity is fashioned, launched, used, and admired in the material world. Contributors intervene from the disciplines of art history, anthropology, design and material culture. Considers contrasting media - painting, print, sculpture, dress, coinage, architecture, furniture, luxury items, and interior design. Explores the complexity of identity through the intersection notions of gender, ethnicity, age, sexuality, and class. Reaffirms the central role of public identities and their impact on social life.

Physics, Structure, and Reality Jill North, 2021 Jill North offers answers to questions at the heart of the project of interpreting physics. How do we figure out the nature of the world from a mathematically formulated theory? What do we infer about the world when a physical theory can be mathematically formulated in different ways? The notion of structure is crucial to North's answers.

Cennino Cennini's Il Libro Dell'arte Lara Broecke, 2015-03-31 This book, a new translation (with introduction and notes) of *Il Libro dell'Arte*, marks a great step forward in our understanding of Cennino Cennini - his life and times - and the materials and techniques employed by artists in fourteenth century Italy. Over eighty years ago, D. V. Thompson presented his translation entitled *The Craftsman's Handbook* as a workshop manual aimed at readers who wished to produce a work of art by following Cennino's instructions. The present volume not only establishes more precisely what Cennino actually wrote,

by correcting more than 400 errors in Thompson's text, but also includes the transcribed Italian text and very extensive notes on both the language and the technical descriptions. In addition, the author's most informative introduction places Cennino in context and accounts for the genesis of the libro dell'arte by reference to the society in which it was produced. This volume is a landmark text for students and professionals in the field of art history. Contents: Foreword; Acknowledgements; Introduction; Why a new translation?; Who was Cennino Cennini?; What is the Libro dell'arte?; The transmission and translation of the Libro dell'arte; Notes on the transcription; Notes on the translation; Il libro dell'arte: English translation and commentary and Italian transcription; Notes on substantive differences from Thompson's translation; Appendix; Bibliography.
