*500 Wedding Rings* Lark Books, Marthe Le Van, 2007 Presents a wide range of creative wedding ring designs from the world's most innovative designers and jewelers, showcasing a collection of contemporary, handmade wedding bands and engagement rings for both men and women by Etienne Peret, James Kaya, and other artists.

With This Ring Penny Proddow, Marion Fasel, 2004 From In Style's jewellery editors, a guide which offers everything a bride and groom need to know about engagement rings and wedding bands

*Design Your Dream Wedding Rings* Calla Gold, 2019-01-25 Your wedding rings are the most important pieces of jewelry you'll ever have. As a symbol of love and a pledge of faithfulness they hold much. Making them unique is a fun and creative process. Author Calla Gold believes there is a jewelry designer in each one of us and that the jeweler's job is to ask questions and help find that design inside of you. In this book you'll find examples of textures and details that add definition to your design, that evoke a feeling or vibe. You'll see how your lifestyle effects your ring design choices. You'll read stories like the way Marlo and Ben used family diamonds in their designs, how the right shaped center diamond helped Kaitlyn's short fingers look longer, and how a Rock and Roll drummer chose a special finish to make his fiancé's ring pop. Questions like these will be answered; what's the difference between platinum and white gold? What engraving techniques are out there and which ones would work for you? Is rose gold a safe choice with tiny prongs? What's the difference between the engagement ring and the wedding band? What are good gemstone alternatives to a diamond in the center? This book is your guide to creating your dream engagement and wedding rings.

**Engagement & Wedding Rings** Antoinette Leonard Matlins, Antonio C. Bonanno, 1999 Traces the history of wedding and engagement rings, and offers advice on selecting a ring.

Alien Justice Kay Saunders, Roger Daniels, 2000 Representing the work of key international scholars in the field, this important work chronicles the suffering of the non-combatants, or enemy aliens as officials described them, who were interned by Australia and America during two World Wars. These were episodes unknown to most people then and have until now remained obscure.

**Hajj** Luitgard Mols, Marjo Buitelaar, 2017-12-21 Every year, in the last month of the Islamic calendar, millions of Muslims from around the world come together in Mecca to perform the Hajj, the pilgrimage that all capable Muslims should perform

at least once in their lives. In 2013, the National Museum of Ethnology in Leiden organized the exhibition *Longing for Mecca. The Pilgrim's Journey*. The chapters in this volume are the outcome of the two-day symposium on the Hajj, which was held at the museum in connection to the exhibition. The central theme that runs through the book is how Hajj practices, representations of Mecca and the exchange of Hajj-related objects have changed over time. The chapters in the first part of the book discuss religious, social, and political meanings of the Hajj. Here the relationship is addressed between the significance of pilgrimage to Mecca for the religious lives of individuals and groups and the wider contexts that they are embedded in. Together, these anthropological contributions provide insights into the effects on Hajj practices and meanings for present-day Muslims caused by current dimensions of globalization processes. The second part of the book takes material expressions of the Hajj as its starting point. It explores what Hajj-related artifacts can tell us about the import of pilgrimage in the daily lives of Muslims in the past and present. The contributions in this part of the volume point out that Mecca has always been a cosmopolitan city and the nodal point of global interactions far exceeding religious activities. Together, the chapters in this book depict the Hajj ritual as a living tradition. Each with its own focus, the various contributions testify to the fact that, while the rites that make up the Hajj were formulated and recorded in normative texts in early Islam, details in the actual performance and interpretations of these rites are by no means static, but rather have evolved over time in tandem with changing socio-political circumstances.

American Concentration Camps: May, 1942 Roger Daniels, 1989

**A Pocketful of Pebbles** Jan Struther, 1956

The Japanese American Cases Roger Daniels, 2013-11-19 After Pearl Harbor, President Roosevelt, claiming a never documented “military necessity,” ordered the removal and incarceration of 120,000 Japanese Americans during World War II solely because of their ancestry. As Roger Daniels movingly describes, almost all reluctantly obeyed their government and went peacefully to the desolate camps provided for them. Daniels, however, focuses on four Nisei, second-generation Japanese Americans, who, aided by a handful of lawyers, defied the government and their own community leaders by challenging the constitutionality of the government’s orders. The 1942 convictions of three men—Min Yasui, Gordon Hirabayashi, and Fred Korematsu—who refused to go willingly were upheld by the Supreme Court in 1943 and 1944. But a woman, Mitsuye Endo, who obediently went to camp and then filed for a writ of habeas corpus, won her case. The Supreme Court subsequently ordered her release in 1944, following her two and a half years behind barbed wire. Neither the cases nor the fate of law-abiding Japanese attracted much attention during the turmoil of global warfare; in the postwar decades they were all but forgotten. Daniels traces how, four decades after the war, in an America whose attitudes about race and justice were changing, the surviving Japanese Americans achieved a measure of political and legal justice. Congress created a commission to investigate the legitimacy of the wartime incarceration. It found no military necessity, but rather that the

causes were “race prejudice, war hysteria, and a failure of political leadership.” In 1982 it asked Congress to apologize and award \$20,000 to each survivor. A bill providing that compensation was finally passed and signed into law in 1988. There is no way to undo a Supreme Court decision, but teams of volunteer lawyers, overwhelmingly Sansei—third-generation Japanese Americans—used revelations in 1983 about the suppression of evidence by federal attorneys to persuade lower courts to overturn the convictions of Hirabayashi and Korematsu. Daniels traces the continuing changes in attitudes since the 1980s about the wartime cases and offers a sobering account that resonates with present-day issues of national security and individual freedom.

**The Secret War Between the Wars** Kevin Quinlan, 2014 The methods developed by British intelligence in the early twentieth century continue to resonate today. Much like now, the intelligence activity of the British in the pre-Second World War era focused on immediate threats posed by subversive, clandestine networks against a backdrop of shifting great power politics.

**Missa Sancti Nicolai** Howard C. Robbins Landon, 1981-10 (Schott). For four soloists, chorus, and orchestra. Study score.

**Syllabus of a Course of Lectures on Elementary Geology** John Casper Branner, 1902

**The Hajj** Venetia Porter, Liana Saif, 2013 Following on the British Museum's critically acclaimed exhibition Hajj: journey to the heart of Islam, this volume provides over thirty papers on the history and significance of the Hajj, spanning history, politics, archaeology, pilgrims' journeys, art, architecture, photography and material culture. This is a major multi-disciplinary study and a key reference work for anyone with an academic or personal interest in the Hajj.

*A Bibliography of Works Upon the Geology and Natural Resources of West Virginia, from 1764 to 1901* Samuel Boardman Brown, 1901

Guests of God Robert Bianchi, 2008-03-25 Each year, about two million pilgrims from over 100 countries converge on the Islamic holy city of Mecca for the hajj. While the hajj is first and foremost a religious festival, it is also very much a political event. No government can resist the temptation to manipulate the hajj for political and economic gain. Every large Muslim state has developed a comprehensive hajj policy and a powerful bureaucracy to enforce it. The Muslim world's leading multinational organization, the Organization of the Islamic Conference, has established the first international regime explicitly devoted to pilgrimage. Yet, Robert Bianchi argues, no secular or religious authority - national or international - can really control the hajj. State-sponsored pilgrimage management consistently backfires, giving government opponents valuable ammunition and allowing them to manipulate the symbols and controversies of the hajj to their own ends. Bianchi has been researching the hajj for over ten years and draws on interviews with and data from hajj directors in five Muslim countries (Pakistan, Malaysia, Turkey, Indonesia, and Nigeria), statistics from Saudi Arabian hajj authorities, as well as his

personal experience as a pilgrim. The result is the most complete picture of the hajj available anywhere, and a wide-ranging work on Islam, politics, and power.

**Wanderings in the Great Forests of Borneo** Odoardo Beccari, 1904

*Ordinary Lives and Grand Schemes* Samuli Schielke, Liza Debevec, 2012-06-30 Everyday practice of religion is complex in its nature, ambivalent and at times contradictory. The task of an anthropology of religious practice is therefore precisely to see how people navigate and make sense of that complexity, and what the significance of religious beliefs and practices in a given setting can be. Rather than putting everyday practice and normative doctrine on different analytical planes, the authors argue that the articulation of religious doctrine is also an everyday practice and must be understood as such.

**Bismarck and State Socialism** William Harbutt Dawson, 1890

*Reframing Pilgrimage* European Association of Social Anthropologists, 2004 This book proposes a radical new agenda for pilgrimage studies, considering such travel as just one of the twenty-first century's many forms of cultural mobility. Prioritizing anthropological arguments about mobility, locality and belonging over analyses of traditional religious studies, contributors examine the meanings of pilgrimage in world religions as well as in non-religious contexts such as 'roots-tourism'.--P.[1].

*Pilgrims of Love* Pnina Werbner, 2016-12-19 . . . will be of interest not only to those concerned with Pakistan and the new Muslim presence in Europe, but also to those interested in an anthropological study of religion. —Barbara Metcalf, University of California, Davis Pnina Werbner traces the development of a Sufi Naqshbandi order founded by a living saint, Zindapir, whose cult originated in Pakistan and has extended globally to Britain, Europe, the Middle East, and southern Africa. Drawing on 12 years of fieldwork in Pakistan and Great Britain, she elucidates the complex organization of Sufi orders as regional and transnational cults, and examines how such cults are manifested through ritual action and embodied in sacred mythology and global diasporas. A focus of the study is the key event in the order's annual ritual cycle, a celebration in which tens of thousands of people gather at the saint's lodge in Pakistan and in the streets of Britain. Werbner challenges accepted anthropological and sociological truths about Islam and modernity, and reflects on her own role as ethnographic observer. *Pilgrims of Love* is a major contribution to our understanding of diasporic Islamic practices, highlighting the vitality of Sufi orders in the postcolonial world.
