Blue Nile, Inc Alan Nathan Hoffman, 2011 Built on the premise of making engagement rings selection simpler, Blue Nile, Inc. (formerly known as Internet Diamonds, Inc.) has developed into the largest online retailer of diamond engagement rings. Unlike traditional jewelry retailers, Blue Nile operates completely store-front-free, without in-person consultation services. The business conducts all sales online or by phone and sales include both engagement (70%) and non-engagement (30%) categories. Therefore, the company focuses on perfecting its online shopping experience and providing extraordinary jewelry, useful guidance, and easy-to-understand jewelry education to help you find the jewelry that's perfect for your occasion. Blue Nile's vision is to educate its customer base so that customers can make an informed, confident decision no matter what event they are celebrating. It wants to make the entire diamond-buying-process easy and hassle-free. In addition, an important part of Blue Nile's vision, as CEO Diane Irvine said in a recent webinar with Kaihan Krippendorf, is for the company to be seen as the smart way to buy diamonds, while saving 20-40% more than one would in the typical jewelry store. Blue Nile is working to become the Tiffany for the next generation.

Jewellery Michael Poynder, 2000 A comprehensive illustrated survey of the subject by Michael Poynder, who ensures that curious and intriguing details are balanced by sound historical, practical and technical information. At the same time he is at pains to describe and illustrate a comprehensive selection of hundreds of examples from all periods and at all price ranges, relating the number of illustrations directly to the types of jewellery most readily available and the largest number of the

many colour plates to the most prolific period of production - the 19th century. The prices given are fully up to date and the text is profusely illustrated in colour and black and white, with detailed captions.
