Design Your Dream Wedding Rings Calla Gold, 2019-01-25 Your wedding rings are the most important pieces of jewelry you'll ever have. As a symbol of love and a pledge of faithfulness they hold much. Making them unique is a fun and creative process. Author Calla Gold believes there is a jewelry designer in each one of us and that the jeweler's job is to ask questions and help find that design inside of you. In this book you'll find examples of textures and details that add definition to your design, that evoke a feeling or vibe. You'll see how your lifestyle effects your ring design choices. You'll read stories like the way Marlo and Ben used family diamonds in their designs, how the right shaped center diamond helped Kaitlyn's short fingers look longer, and how a Rock and Roll drummer chose a special finish to make his fiancé's ring pop. Questions like these will be answered; what's the difference between platinum and white gold? What engraving techniques are out there and which ones would work for you? Is rose gold a safe choice with tiny prongs? What's the difference between the engagement ring and the wedding band? What are good gemstone alternatives to a diamond in the center? This book is your guide to creating your dream engagement and wedding rings.

Engagement & Wedding Rings Antoinette Leonard Matlins, Antonio C. Bonanno, 1999 Traces the history of wedding and engagement rings, and offers advice on selecting a ring.

The New World Order Book Nick Redfern, 2017-10-01 Turbulent times. Economic disruptions. Pandemics, wars and civil strife. Hidden and secret cabals. Global elites. Mysterious symbols. Missing money. Surveillance and microchips. Where is the world heading? Just who has control, and what are their goals? While we are assured by our leaders that global treaties

and international organizations such as the International Monetary Fund and United Nations are wholly benign and beneficial in nature, are they actually the foundation for an authoritarian world government? Are powerful cabals and front organizations orchestrating political and financial events in a nefarious attempt to destroy individual nations and achieve world domination? Uncovering the hidden power and the inner workings behind more than 200 events, organizations, people, symbols, pop-cultural references, and other examples underlying suspicions of the looming New World Order, *The New World Order Book* reveals and uncovers the truth behind the disconcerting reasons for the rapidly expanding militarization of the police; the increase in doctors prescribing mood-changing drugs to the nation's children; the manipulative actions of the Illuminati and the Freemasons; population control; the surveillance of social media, emails, and phone calls; Project Blue Beam: an alleged, top secret program to create a faked alien invasion; the rise of a so-called Fourth Reich; the further expansion of the Patriot Act; suspicious deaths; "end times" scenarios; banking elites; and the microchipping and tracking of the human population; to name just a few. It takes a compelling look at 7/7; 9/11; Anthrax Attack; Bohemian Grove; Brexit; Bretton Woods System; Charlie Hebdo; China's Influence; Climate Change; Department of Homeland Security; Donald Trump and the NWO; Edward Snowden; European Union; FEMA Detention Camps; Flow of Immigrants; Fourth Reich; Freedom of Information Act Erosion; Freemasonry; Hackers; ISIS; Malta Conference; Manchurian Candidates; Mass Surveillance; Media Manipulation; Medicating the Population; Microchips for People; Mind Control; National Security Agency; No Fly List; Patriot Act; Rise of Russia; Skull and Bones; Spying via a Laptop's Camera; Surveillance Cameras; Terror Alerts; Tightening Gun Laws; Tor Project; Trilateral Commission; U.K. Independence Party; United Nations; Vatican; Whistleblowers; Wikileaks; Wiretapping; World Bank Group; Your Smart TV is Spying; Zika Virus; and much, much more.... Tracing the power and destructive effects of the global elite and their plots, *The New World Order Book* exposes their unpleasant reach into the daily operations of today's world. It also includes a helpful bibliography and an extensive index, adding to its usefulness.

The Encyclopedia of the Arab-Israeli Conflict Spencer C. Tucker, Priscilla Roberts, 2008-05-12 This exhaustive work offers readers at multiple levels key insights into the military, political, social, cultural, and religious origins of the Arab-Israeli conflict. *The Encyclopedia of the Arab-Israeli Conflict: A Political, Social, and Military History* is the first comprehensive general reference encompassing all aspects of the contentious Arab-Israeli relationship from biblical times to the present, with an emphasis on the era beginning with World War I. *The Encyclopedia of the Arab-Israeli Conflict* goes beyond simply recapping military engagements. In four volumes, with more than 750 alphabetically organized entries, plus a separate documents volume, it provides a wide-ranging introduction to the distinct yet inextricably linked Arab and Israeli worlds and worldviews, exploring all aspects of the conflict. The objective analysis will help readers understand the dramatic events that have impacted the entire world, from the founding of modern Israel to the building of the Suez Canal; from the Six-Day War to the Camp David Accords; from the assassinations of Anwar Sadat and Yitzhak Rabin to the rise and fall of Yasser Arafat,

the 2006 Palestinian elections, and the Israeli-Hezbollah War in Lebanon.

Mallard Fillmore-- Bruce Tinsley,1995 Mallard Fillmore lampoons everything from political correctness to Phil, Oprah, and Geraldo to our government's insatiable appetite for spending our money. His marvelous supporting cast includes wickedly wonderful caricatures of everyone who's anyone, from Hollywood to D.C. to Arkansas.

Oman John Beasant,2011-05-27 Oman is one of the world's most secretive countries,ruled with absolute authority by the Sultan. All information is strictly controlled by the State: British Prime Minister Edward Heath once said that the story of the 1970 Palace Coup and the events that followed would 'not be told in our lifetime'. Following ten years' residency in the country a senior member of Sultan Qaboos's Family suggested that John Beasant write a political history of Oman that would to some extent rehabilitate the maligned name of former Sultan Said, who was deposed in the 1970 Coup. In 'Oman' Beasant catalogues a nature of exploitation woven through all manner of political and commercial interests and casts light on the dark practices so often involved in the sale of arms to Middle Eastern states and illustrates the political use to which the sale of 'black gold' - oil - can be put. Oman is a parable of our times, detailing rivalry and intrigue between people in high places. It is one of the most dramatic tales in Arab history: a chronicle of personal pride, rapacious greed and undiluted lust for power.

Oldest Stories in the World Theodor H. Gaster,2018-09 This book was assembled by a scholar of language and religion in order to bring together the best collection of the oldest stories known to man. They are older than anything in the Bible, or than Homer, or than the epic poems of India. They were recovered from the ruins of ancient cities and were originally written and told by the Assyrians and Babylonians of Mesopotamia, as well as the Hittites and Canaanites. There are 13 stories in all, some of which the reader will recognize, but others that are rarely or never seen anywhere else. Stories, in their order of appearance, are: The Adventures of Gilgamesh, The War of the Gods, Borrowed Plumes, The Lost Chance, How Toothache Came into the World, The God Who Disappeared, The Monster Made of Stone, The Snaring of the Dragon, Kessi and Huntsman, Master Good and Master Bad, The Heavenly Bow, The King Who Forgot, and The Story of Baal. The author was

once the chief of the Hebraic section of the Library of Congress and the first to do a complete translation of the Dead Sea Scriptures in English. An invaluable bonus is that he shares his vast knowledge and expertise after each story with a commentary, including cross-cultural comparisons and a host of other interesting facts. For example, after The Story of Baal he tells us that the main story came from cuneiform tablets in Syria, but its' ending was discovered on a fragment of papyrus in Egypt. This book is essential for those researching the first cultures of mankind or the earliest stories of the gods.

The Hebrew Scriptures in the Making Max L Margolis, The Jewish Publication Society, 2023-07-18 This book offers a fascinating glimpse into the origins of the Hebrew scriptures, exploring the complexities of a text that has been in the making for thousands of years. Margolis delves into the historical and cultural contexts that have shaped the development of the Hebrew Bible, tracing its evolution from early oral traditions to the present day. Engagingly written and richly informative, this book is an essential companion for anyone seeking to deepen their understanding of this ancient and complex text. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Folktale Stith Thompson, 1977 As interest in folklore increases, the folktale acquires greater significance for students and teachers of literature. The material is massive and scattered; thus, few students or teachers have accessibility to other than small segments or singular tales or material they find buried in archives. Stith Thompson has divided his book into four sections which permit both the novice and the teacher to examine oral tradition and its manifestation in folklore. The introductory section discusses the nature and forms of the folktale. A comprehensive second part traces the folktale geographically from Ireland to India, giving culturally diverse examples of the forms presented in the first part. The examples are followed by the analysis of several themes in such tales from North American Indian cultures. The concluding section treats theories of the folktale, the collection and classification of folk narrative, and then analyzes the living folklore process. This work will appeal to students of the sociology of literature, professors of comparative literature, and general readers interested in folklore.

Refugees from Nazi Germany in the Netherlands 1933-1940 R. Moore, 2012-12-06 My interest in the 'refugee question' of the 1930s stemmed initially from time spent as an undergraduate at Manchester University, an interest which has been expanded, via a doctoral thesis, to the writing of this book. In writing about the German and Austrian refugees who fled to the Netherlands before the country was occupied in May 1940, the main aim has been to return the 'refugee question'

of the 1930s into its pre-war context, a context from which it has often been dragged to provide an introduction to the events of the war period and the policies carried out by the Germans in occupied Europe. A study of the Netherlands provides the opportunity to look at refugees as a whole, not just as Jews, social democrats or communists, and also to examine the reaction and response of an European government to what was essentially a unique problem. I take great pleasure in recording my gratitude to the many people who have helped me in the course of my work. To the Dutch Ministerie van Onderwijs en Wetenschappen and the Twenty-Seven Foundation for grants which enabled me to spend time in the Netherlands completing the research for this project, and to the British Academy for their financial assistance with publication costs. The research for this book took me to many libraries and archives in a number of countries.
