A Short History of Sonoma Lynn Downey, 2013-06-01 Sonoma is one of Northern California's most desirable places to live and a popular tourist destination, combining small-town charm, a colorful past, and its current role as the hub of one of the world's premier wine-producing regions. A Short History of Sonoma traces its past from the Native American peoples who first inhabited the valley, proceeding through the establishment of a mission by Spanish priests, the Bear Flag Revolt that began California's movement to become part of the United States, the foundation of what would become a celebrated wine industry, and its role today as the center of a sophisticated and highly envied food and wine culture. The book also addresses such topics as the development of local ranching and businesses and of transportation links to San Francisco that helped to make Sonoma and the surrounding Valley of the Moon a popular location for summer homes and resorts. It discusses the role of the nearby hot springs in attracting visitors and permanent residents, including people seeking cures for various ailments. There are also accounts of some of the famous people who lived in or near Sonoma and helped establish its mystique, including Mexican general Mariano Vallejo, the town's first leader; Hungarian winemaker Agoston Haraszthy, who first saw the region's potential for producing superior wines; and writers Jack London and M. F. K. Fisher, who made their homes in the Valley of the Moon, drawn by its beauty and bucolic lifestyle. A Short History of Sonoma is generously illustrated with vintage photographs. It is a delightful account of one of America's most charming towns and its evolution from rowdy frontier settlement to the paragon of sophisticated living that it is today.

Sonoma Community Center Pamela Hallan-Gibson and Kathy Swett, 2015 If these redbrick walls could talk, a chorus of voices from 100 years of community use would echo all that was good about Sonoma: the love of food and wine, the search for cultural enrichment, and the need to care for people. Since the day it opened as the Sonoma Grammar School, the center has promoted education, the arts, and a respect for history. Thousands of elementary-age students walked its halls until 1948, when building codes closed it as a public school. But it was reborn in 1952 as the Sonoma Community Center due to generous donors who formed a nonprofit organization to save the building they considered the heart and soul of Sonoma. Since then, thousands of others have used its classrooms, lecture halls, and auditorium to be entertained, to celebrate events,

to develop creative interests, and to cultivate their sense of community.

Sonoma Coast Simone Wilson, 2015-07-06 Fifty miles north of San Francisco, the Sonoma Coast is far removed from city life. Nearly two-thirds of its coastline is state and county parks, the southern half featuring sandy beaches, coastal terraces, and the fishing port of Bodega Bay. North of the Russian River are wooded cliffs and rugged coves that are ideal for hiking and diving. The Sonoma Coast is home to people who treasure their small, independent communities and who work hard to provide both a livelihood and a unique cultural landscape, from arts festivals to farmers markets.

Sonoma County Wineries Gail G. Unzelman, 2006 Sonoma County, where California's state flag first flew, is also the birthplace of Northern California's wine industry. This vintage postcard journey reveals some of that rich history in its trek through Sonoma County's fertile plains and sun-drenched hillsides, from the vintners' cradle in the town of Sonoma, to its northernmost frontier near Cloverdale. Stops along the route include Glen Ellen and the Valley of the Moon, the Russian River valleys, and such industry giants as Italian-Swiss Colony and the California Wine Association. Once boasting the world's largest vineyard, wine tank, and grape arbor, Sonoma County has long bested its more famous neighbor in number of wineries and grape acreage. Sonoma Valley Valerie Sherer Mathes, Diane Moll Smith, 2004 California's Wine Country, its rolling hills studded with ancient oaks and laced with vines. Tourists flock to the charming, historic towns in the Valley of the Moon, from Kenwood in the north to Schellville in the south. The town of Sonoma may be the birthplace of the State of California. Its central plaza, designed as a parade ground by Mexican general Mariano Vallejo and still ringed by mid-19th century buildings, was the site of the 1846 Bear Flag Revolt. Since 1823, when Mission San Francisco Solano, the last link in the long chain of California missions, was established here, to the famous present-day wineries, restaurants, and shops, Sonoma Valley has been treasured by residents and visitors alike.

Sonoma Wine and the Story of Buena Vista Charles L. Sullivan, 2013-10-01 The beginning of history for California wine starts with 17th-century , but the industry and commercial powerhouse that commands 60 percent of the United States market was birthed 200 years later, the product of a Hungarian aristocrat, European grapes, and the Sonoma Valley. In this groundbreaking book by historian and bestselling author Charles L. Sullivan, the untold history of Sonoma wine serves as backdrop to the turbulent story of California's first commercial winery, Buena Vista, from its founding by brilliant but quixotic Agoston Haraszthy, through phylloxera plague and the dry years of prohibition to its present-day market prominence. *Sonoma Wine and the Story of Buena Vista* is a scholarly study of two centuries of California wine history, told in a riveting

narrative that will engage and delight.

Sonoma Rose Jennifer Chiaverini, 2012-02-21 From New York Times bestselling author Jennifer Chiaverini, a powerful and dramatic Prohibition-era story that follows the fortunes of Rosa Diaz Barclay, a woman who plunges into the unknown for the safety of her children and the love of a good but flawed man. As the nation grapples with the strictures of Prohibition, Rosa Barclay lives on a Southern California rye farm with her volatile husband, John, who has lately found another source of income far outside the federal purview. Mother to eight children, Rosa mourns the loss of four who succumbed to the mysterious wasting disease that is now afflicting young Ana and Miguel. Two daughters born of another father are in perfect health. When an act of violence shatters Rosa's resolve to maintain her increasingly dangerous existence, she flees with the children and her precious heirloom quilts to the mesa where she last saw her beloved mother alive. As a flash flood traps them in a treacherous canyon, only one man is brave-or foolhardy-enough to come to their rescue: Lars Jorgenson, Rosa's first love and the father of her healthy daughters. Together they escape to Berkeley, where a leading specialist offers their only hope of saving Ana and Miguel. Here in northern California, they create new identities to protect themselves from Rosa's vengeful husband, the police who seek her for questioning, and the gangsters Lars reported to Prohibition agents-officers representing a department often as corrupt as the Mob itself. Ever mindful that his youthful alcoholism provoked Rosa to spurn him, Lars nevertheless supports Rosa's daring plan to stake their futures on a struggling Sonoma Valley vineyard-despite the recent hardships of local winemakers whose honest labors at viticulture have, through no fault of their own, become illegal.

Sonoma County Wineries Thomas Maxwell-Long, 2001 As early as the California Gold Rush of the mid-19th century, the first settlers of Sonoma County recognized that the rich soil and unique array of climates of the region's valleys were particularly conducive for the ages-old livelihood of viticulture. Beginning in 1857 with Buena Vista Winery, Sonoma became one of the preeminent winemaking regions in the world. Chronicled here in over 200 vintage images is Sonoma's wine producing history, covering its many wineries, vineyards, towns, and townsfolk that grew up alongside the development of this fantastic agricultural enterprise. The first Sonoma Country venture was Buena Vista Winery, founded in 1857 by the eccentric Count Agoston Haraszthy. Since then, and over the course of the next 150 years, hundreds of wineries would dot the landscape; while some succeeded and lasted through the years, others fell in the face of life's trials, including earthquakes, wildfires, and Prohibition. Covering three centuries of award-winning winemaking, this new book captures in photographs the history of some of the world's most famous wineries, their proprietors, workers, and families, including those from Korb, Geyser Peak, Simi, Sebastiani, Pedroncelli, Orr, Seghesio, and Ravenswood.

Sports Memories of Sonoma County Lee Torliatt, 2002 Covering the beautiful sprawl of Sonoma County, from Sebastopol and the coast to Healdsburg and Windsor and through Santa Rosa, Sonoma, and Petaluma, author Lee Torliatt offers readers a glimpse of the vivid and lively activities of the region's athletes and teams over 100-plus years. These photographs and images trace the accomplishments of the county's pivotal figures in football, baseball, track, basketball, boxing, ice hockey, tennis, and other sports. Fans will recognize names like Ernie Nevers, a football hero at Santa Rosa High School, and track giant Ralph Rose of Healdsburg, a major Olympian who was struck down by tragedy early in the 20th century. Captured here is the famous upset when the Bonecrushers and Leghorns met in 1948, the short-lived but glorious years of an ice hockey team imported from Canada, the local enthusiasts who enjoyed hunting and fishing, the early female athletes of the region from the 1850s to 1952, and several legendary heroes of their times, including Helen Wightman, Smith Robinson, and Joe DeMaggio (before he was DiMaggio.)
