Within the Context of No Context George W. S. Trow, 1997 Written originally for a special issue of *The New Yorker* and reissued here with a new forward by the author, *Within the Context of No Context* is George W. S. Trow's brilliant exposition on the state of American culture and twentieth-century life. Published to widespread acclaim, *Within the Context of No Context* became an immediate classic and is, to this day, a favorite work of writers and critics alike. Both a chilling commentary on the times in which it was written and an eerie premonition of the future, Trow's work locates and traces, describes and analyzes the components of change in contemporary America -- a culture increasingly determined by the shallow worlds of consumer products, daytime television, and celebrity heroes. This elegant little book is essential reading for anyone interested in the demise, the terminal silliness, of our culture. -- John Irving, *The New York Times Book Review*; In this elegant, poignant essay, written with the grace of a master stylist, George Trow articulates the accelerated impermanence of American culture with a precision that is both flaunting and devastating. -- Rudy Wurlitrer; *Within the Context of No Context* is a masterpiece of the century that belongs on a shelf next to Theodore Adorno's *Minima Moralia* and Guy Debord's *The Society of the Spectacle*. -- Michael Tolkin; *Within the Context of No Context* may appear to be a book of the mind, for it is suffused with such a keen intelligence, but it is actually a book of the heart -- passionate, brave, and stirring. -- Sue Halpern.

**The Resonance of Unseen Things** Susan Lepselter, 2016-03-03 *The Resonance of Unseen Things* offers an ethnographic meditation on the “uncanny” persistence and cultural freight of conspiracy theory. The project is a reading of conspiracy theory as an index of a certain strain of late 20th-century American despondency and malaise, especially as understood by people experiencing downward social mobility. Written by a cultural anthropologist with a literary background, this deeply interdisciplinary book focuses on the enduring American preoccupation with captivity in a rapidly transforming world. Captivity is a trope that appears in both ordinary and fantastic iterations here, and Susan Lepselter shows how multiple troubled histories—of race, class, gender, and power—become compressed into stories of uncanny memory. “We really don’t have anything like this in terms of a focused, sympathetic, open-minded ethnographic study of UFO experiencers. . . . The author’s semiotic approach to the paranormal is immensely productive, positive, and, above all, resonant with what actually happens in history.” —Jeffrey J. Kripal, J. Newton Rayzor Professor of Religion, Rice University “Lepselter relates a weave of intimate alien sensibilities in out-of-the-way places which are surprisingly, profoundly, close to home. Readers can expect to share her experience of contact with complex logics of feeling, and to do so in a contemporary America they may have thought they understood.” —Debbora Battaglia, Mount Holyoke College “An original and beautifully written study of contemporary American cultural poetics. . . . The book convincingly brings into relief the anxieties of those at the margins of American economic and civic life, their perceptions of state power, and the narrative continuities that bond them to histories of violence and expansion in the American West.” —Deirdre de la Cruz, University of Michigan

**In Death Lamented** Sarah Nehama,2012 In Death Lamented: The Tradition of Anglo-American Mourning Jewelry illustrates and explains prime examples of rings, bracelets, brooches, and other pieces of mourning jewelry from the seventeenth, eighteenth, and nineteenth centuries. Like the exhibition at the Massachusetts Historical Society, this volume showcases the materials in the Society's collection and that of Sarah Nehama, a jeweler and private collector who co-curated the event at the MHS. These elegant and evocative objects are presented in context, including written explanations of the history, use, and meaning of the jewelry, as well as related pieces of material culture, such as broadsides, photographs, portraits, and trade cards. The jewelry included illustrates some of the most exemplary types, from early gold bands with death's head iconography to jeweled brooches and intricately woven hairwork pieces of the Civil War era. Simplified Signs John D. Bonvillian,2020 Simplified Signs presents a system of manual sign communication intended for special populations who have had limited success mastering spoken or full sign languages. It is the culmination of over twenty years of research and development by the authors. The Simplified Sign System has been developed and tested for

ease of sign comprehension, memorization, and formation by limiting the complexity of the motor skills required to form each sign, and by ensuring that each sign visually resembles the meaning it conveys. Volume 1 outlines the research underpinning and informing the project, and places the Simplified Sign System in a wider context of sign usage, historically and by different populations. Volume 2 presents the lexicon of signs, totalling approximately 1000 signs, each with a clear illustration and a written description of how the sign is formed, as well as a memory aid that connects the sign visually to the meaning that it conveys. While the Simplified Sign System originally was developed to meet the needs of persons with intellectual disabilities, cerebral palsy, autism, or aphasia, it may also assist the communication needs of a wider audience - such as healthcare professionals, aid workers, military personnel, travellers or parents, and children who have not yet mastered spoken language. The system also has been shown to enhance learning for individuals studying a foreign language. Lucid and comprehensive, this work constitutes a valuable resource that will enhance the communicative interactions of many different people, and will be of great interest to researchers and educators alike.--Publisher's website
