A diamond from Tiffany's [Spoken word] [MP3] Melissa Hill,2013 A collection of feel-good short stories set in snowy New York. It's been two years since Ethan Greene and Gary Knowles collided one fateful evening outside Tiffany & Co on Fifth Avenue. A mix-up with their shopping bags sent each man's life on an unexpected trajectory, and while Gary and his fiancée Rachel are heading for the altar, Ethan's love life is not so settled. Rachel's dreams are within her grasp; her restaurant is going from strength to strength and she and Gary are set to be married amongst family and friends at an idyllic New York location. But when they arrive in the city only days before the ceremony, Gary seems distracted and restless. Could he be having second thoughts? Ethan is anxious to see Terri again at the wedding; he truly felt they had something special, and plans to use the time in New York to prove to her that their relationship deserves another chance. Will the romance of New York and Tiffany's work its magic on the couples once more?

Jakobs, Kai, 2014-07-31 In fields as diverse as research and development, governance, and international trade, success depends on effective communication. However, limited research exists on how professionals can express themselves consistently across disciplines. *Modern Trends Surrounding Information Technology Standards and Standardization within Organizations* showcases the far-ranging economic and societal ramifications incited by technical standardization between individuals, organizations, disciplines, and nations. This publication serves as a valuable model for inter-disciplinary scholars, IT researchers, and professionals interested in the link between technology and social change in an increasingly networked and interconnected global society.

The Cartel 4 Ashley Jaquavis, 2012-11-01 You thought The Cartel was over, but Diamonds are forever. . . . The Diamond family has survived murder, deceit, and betrayal. Through it all, they're still standing tall, and a new era has begun. After surviving a failed attempt on her life, Breeze has moved into the queen's position by Zyir's side. Zyir has taken over the empire and locked down Miami's streets. He has the world in his palms, but there is always new blood ready to overthrow the throne. Young Carter has retired and moved away from the madness—that is, until he gets an unexpected visitor at his home. This person shakes up the whole family, causing chaos that threatens to bring down the Cartel for good. New York Times bestselling authors Ashley and JaQuavis deliver the highly anticipated fourth installment of the wildly popular Cartel series.

Diamond Ruby Joseph Wallace, 2010-05-04 Seventeen-year-old Ruby Thomas, newly responsible for her two young nieces after a devastating tragedy, is determined to keep her family safe in the vast, swirling world of 1920s New York City. She's got street smarts, boundless determination, and one unusual skill: the ability to throw a ball as hard as the greatest pitchers in a baseball-mad city. From Coney Island sideshows to the brand-new Yankee Stadium, *Diamond Ruby* chronicles the extraordinary life and times of a girl who rises from utter poverty to the kind of renown only the Roaring Twenties can bestow. But her fame comes with a price, and Ruby must escape a deadly web of conspiracy and threats from Prohibition rumrunners, the Ku Klux Klan, and the gangster underworld. *Diamond Ruby* "is the exciting tale of a forgotten piece of baseball's heritage, a girl who could throw with the best of them. A real page-turner, based closely on a true story" (Kevin

Baker, author of Strivers Row).

Tourism and Mobilities Peter M. Burns, Marina Novelli, 2008 In the current trend of increasing globalization, relationships are evolving between global and local realities, rich and poor regions of the world and 'old' and 'new' leisure and tourism patterns. The tourist has become an active agent in their travel experiences, moving between and among multiple localities, in an environment of transnational, interconnected social networks. In order to understand the modern tourist, concepts of mobility have begun to be applied to tourism studies and have questioned whether the word tourism is any longer sufficient to describe the complex socio-political milieu of people on the move. Bringing together theoretical and practical issues, this edited volume analyses tourism's wider role as an agent for the mobile modern population of the world. Themes range from post-modern youth and independent mobility to theoretical texts on hypermobility and citizenship within global space and mobility, media and citizenship. Offering a thought-provoking examination of modern tourism, this will be an important text for students of tourism and human geography as well as tourism professionals.
