*Making Trouble* Greg Valerio,2013-09-20 Fair trade jewellery has been around for a while - but while those crafting it worked under Fair Trade principles, the gold, silver and precious stones they were using came from some very murky places. Small scale mining is the second biggest global employer, and many of those mines pay a pittance, forcing their workers to labour long hours in dirty and dangerous conditions - for a pittance. Informed by those in the jewellery trade that this would never change, Greg Valerio set out to prove them wrong. Fairly traded gold is now available in the UK, although the battle continues for other metals and products.

**Brave Love** Lisa Leonard,2023-10-03 Women today feel pressure to be the best wife, mom, and professional possible--often at the expense of their own identity. But what if you could experience deep peace--knowing you are loved right now, just as you are? In **Brave Love**, the founder of the multimillion-dollar company Lisa Leonard Designs inspires women to find themselves again amidst the noise and competing demands of real life. This paperback edition includes a new foreword written by Stephen Leonard, exclusive discussion questions for personal reflection, and a Q&A between Lisa and Steve. **Brave Love** is about what it means to be human, how it feels to be broken and afraid, and what happens when we dare to love deeply. Join Lisa on a journey where you will discover you are worthy and lovable just as you are. You don't have to try harder or be better. You don't have to prove yourself, and you don't have to make others okay. In this freedom you will find more peace and more joy. Most importantly, you will learn that as you stop trying to be everything to everyone, you will love others better. Lisa Leonard shares her story of finding truth and wholeness in the midst of life's competing demands. When she said her marriage vows, she was determined to be the best wife she could be. When her first son was born with a severe disability, Lisa promised herself she would always be the mother he needed. When she began her jewelry business, Lisa committed to giving it her all. Over the years, the exhaustion of trying to be the perfect wife, mother, and businesswoman took its toll. Lisa knew it wasn't working. She wanted to change things, but how? Everyone depended on her. So she kept going, kept pushing, kept trying to prove she could do it all. Until one evening, in tears and desperation, Lisa realized that she could no longer be everything to everyone. Somewhere along the way, she had lost herself. In **Brave Love**, Lisa shares her story of losing--and finding--her own voice in the clamor of family, career, and internal pressure to prove herself.

**Amen to That!** Ferdie Addis, 2013-10-17 Many of us have never read or studied the Bible, yet people have been quoting from its pages for centuries, not knowing the origin or significance of these timeless expressions. Let there be light! Amen to That will delightfully shed clarity on how a collection of ancient stories, written in three languages over the course of a thousand years, has had such an impact on the way we speak today. Through intriguing stories and riveting tales of epic battles and acts of betrayal to miracles and beyond, you'll quickly discover the meanings behind such familiar phrases as: A drop in the bucket All things must pass As old as the hills Bite the dust Eat, drink, and be merry The powers that be Woe is me Amen to That is a wonderful look at the gripping storytelling and cultural wealth to be found in the world's best-selling book, as well as a fascinating insight into our language.

**American Jewelry Manufacturers** Dorothy T. Rainwater, 1988 The identification and dating of American jewelry heretofore has been difficult because few pieces bear standard markings and the references have been diverse, hard to find, and incomplete. Using old trade journals and their related directories as her primary sources, the eminent silver historian Dorothy Rainwater has exhaustively compiled here for the first time a comprehensive reference of jewelry trademarks and manufacturers in alphabetical order. She has also written a history of jewelry making in the United States which explains the framework upon which this enormous industry was built. The large scale manufacturers which began in the 1840s form a major portion of this directory. It is surprising to learn that only in 1961, after years of effort by the Jeweler's Vigilance Committee and the backing of trade journals, did American law require makers' marks on new jewelry. Therefore, this reference should become an important sourcebook for every jeweler, collector, antique jewelry dealer and manufacturing historian for the foreseeable future.
