Contemporary Southwestern Jewelry Diana F. Pardue,2007 Contemporary Southwestern Jewelry reveals the captivating history of the art of American Indian jewelry making, uncovering the ancient techniques, tools, and materials that have made contemporary southwestern jewelry what it is today. Revolutionists such as Hopi artist Charles Loloma, Navajo silversmith Kenneth Begay, Mexican/Mission jeweler Preston Monongye, and other jewelers began using varied materials and techniques traditionally unknown to the southwest. Pardue has researched the history and contemporary forms of metalworking, gems, stone patterning, and more, plus has dedicated a portion of the book to emerging artists whose work is capturing attention today. As you explore Contemporary Southwestern Jewelry's stunning photography, let the art speak to you of how it came to be and what it represents, echoing a similar message still told by traditional Native American jewelry

Contemporary American Jewelry Design Ettagale Blauer,2013-06-29 The Phenomenon of Studio Goldsmithing When the history of art in the 1980s is written, much of it will be etched in gold. This is the time of the contemporary goldsmith, an artist who chooses to work in precious metals rather than oils or marble. The contemporary jeweler-as-artist has only recently become a recognized force. With rare exceptions, the whole field is little more than thirty years old. But it is only within the past fifteen years that these jewelers have entered the jewelry mainstream. The phenomenon of contemporary goldsmithing embraces an eclectic group of artists, each with a unique vision, each taking a personal path to jewelry producing. They have as little relationship to the typical, mass-produced jewelry as a champagne maker has to a bottler of

orange soda. They approach a piece of art, not a piece of metal. The work is personal and a perfect expression of the back to the land movement that spawned it. Many of these goldsmiths were looking not merely for a way to make a living but for a way to make a life that was worthy of living. Running a business while trying to remain a creative metalsmith at the same time is the ongoing challenge. The jeweler-artists have solved or resolved these often conflicting needs in slightly different ways and in a beautiful variety of techniques and styles. Their methods, their growth, and their work are discussed here.
