Chocolate Diamonds Alec Peche, Tatiana Vila, 2014-06-07 Chocolate Diamonds is a murder mystery that is set in Europe. Dr. Jill Quint, vintner from California and consulting forensic medical examiner joins her three friends from Wisconsin in Antwerp, Belgium to enjoy their annual girlfriends' vacation. Jo's ancestry resides in this country and she is looking forward to exploring her heritage. They all plan to enjoy the museums of Belgium and the Netherlands, as well as the food and especially the beer of the region. A chance medical emergency pulls Jill and her friends into a homicide investigation assisting the Belgian Police and Interpol with uncovering something worth killing for in the diamond industry. Who was the woman in the restaurant that Jill and Marie performed CPR on, and why did she die in the hospital after they had her stabilized- it was just an unusual nut allergy? Angela, the photographer of the group of friends begins to capture faces of men who want to kill them or kidnap them and along the way she meets Nick who helps them stay alive. The friends do what they can to give Nick and Angela's budding relationship a chance. Jo learns to navigate European financial and tax records with the help of an accountant from Interpol. She is usually oblivious to the strangers around her, but on this vacation paying attention become a requirement as they have to run from several kidnap attempts. Marie has been exploring people's backgrounds worldwide in her day job in the US. Always a multi-tasker, she is a real sleuth at ferreting out the hidden facts and identities for anyone, all while standing in line to buy a ticket at a museum. Nathan, Jill's partner, doesn't want to miss out on the excitement. He joins the ladies in Brussels and plans to visit some of his wine clients while he is in that region. As

a world class wine label artist, he has clients that he designs bottle labels for in most parts of the world. He soon finds opportunities to use his Hapkido skills disarming Jo's assailant, joining Nick in providing some security for the women. Diamonds are mined in many parts of the world, but the miners are not always treated fairly. Antwerp is the acknowledged diamond industry hub of the world. Sex, Drums, Rock 'n' Roll! Kenny Aronoff,2016-10-01 (Book). Foreword by Neil Peart. Talent, energy, dedication, discipline, passion, innovation, education, drive, mind, body, spirit, vision, honor, truth, and drums make the man: Kenny Aronoff. Voted by Rolling Stone magazine as one of the greatest drummers of all time, Aronoff is arguably the most sought-after recording and touring beat master ever. Ignited by the Beatles' appearance on The Ed Sullivan Show in 1964, Aronoff's passion for drumming fervently grew and carried him from the kit in his childhood living room in the Berkshires to Bernstein at Tanglewood to Mellencamp, Etheridge, Fogerty, Smashing Pumpkins, the Rolling Stones, the Beatles his heroes and beyond. But none of this would have been possible without his fierce work ethic and unique approach to drumming an integration of all parts of his being, along with meticulous attention to note-for-note detail, feel, and what the song needs . Both a leader and a team player in the mission to realize a greater good an unforgettable recording, a riveting show Aronoff brings it every time. Through any setbacks heartaches, failures, injuries, or plain fatigue from the rigors of the biz Aronoff has stayed the arduous and wild rock 'n' roll course. His tale of what is possible with unrelenting dedication to one's bliss is an inspiration to all. Sex, Drums, Rock 'n' Roll! details Aronoff's youth in the Berkshires and the Midwest, from his early inspirations to his serious classical and jazz study, which gave him the foundation to be able to play anything. The failure of a first rock band in his early twenties had a silver lining: it freed him up for an audition that would change his life John Mellencamp. His work with Mellencamp catapulted Aronoff to the top of the charts with such hits as Hurt So Good, Little Pink Houses, and Jack and Diane and paved the way for session and recording work with droves of remarkable artists: Melissa Etheridge, John Fogerty, Bon Jovi, Stevie Nicks, Smashing Pumpkins, the BoDeans, Paul Westerberg, Celine Dion,

Iggy Pop, Elton John, Bob Dylan, Alice Cooper, Brian Wilson, Meat Loaf, Joe Cocker, and countless others. In addition to his work as a world-famous recording and touring drummer, Aronoff finds time to be a dedicated teacher and has shared his expertise with students all over the world, teaching clinics for Tama and Zildjian. Heading into his fourth decade of rocking hard, Aronoff shows no signs of slowing down. Featuring rare photos, testimonials from major artists and from those who know him best, a chronology of live performances, a discography, and a foreword by Neil Peart, this book is the story of one of the greatest musicians of all time.

Making Trouble Greg Valerio,2013-09-20 Fair trade jewellery has been around for a while - but while those crafting it worked under Fair Trade principles, the gold, silver and precious stones they were using came from some very murky places. Small scale mining is the second biggest global employer, and many of those mines pay a pittance, forcing their workers to labour long hours in dirty and dangerous conditions - for a pittance. Informed by those in the jewellery trade that this would never change, Greg Valerio set out to prove them wrong. Fairly traded gold is now available in the UK, although the battle continues for other metals and products.
