Shared Images Diana F. Pardue, 2007 Gail Bird (Santo Domingo/Laguna) and Yazzie Johnson (Navajo) have been making jewellery together since 1972 and are considered among the first rank of Native American artists. SHARED IMAGES is a retrospective of their career in the decorative arts, spanning the early 1970s to the present. The jewellery creations of Johnson and Bird are frequently dramatic, always wearable, and compositionally arresting. Their use of non-traditional stones and uncommon juxtapositions of materials has earned them a place in the world of contemporary art alongside the most influential jewellers of their generation. Drawing inspiration from prehistoric pictograph and petroglyph sites, Johnson and Bird have developed a distinctive set of designs that continue to inspire contemporary creations. SHARED IMAGES emphasises the forty-six thematic belts that have won the artists well-deserved acclaim at Santa Fe's annual Indian Arts Market. The book documents Johnson and Bird's collaborative process and features a range of exemplary pieces shown in museums and galleries across the country. Published in association with the Heard Museum.

Contemporary Southwestern Jewelry Diana F. Pardue, 2007 *Contemporary Southwestern Jewelry* reveals the captivating history of the art of American Indian jewelry making, uncovering the ancient techniques, tools, and materials that have made contemporary southwestern jewelry what it is today. Revolutionists such as Hopi artist Charles Loloma, Navajo silversmith Kenneth Begay, Mexican/Mission jeweler Preston Monongye, and other jewelers began using varied materials and techniques traditionally unknown to the southwest. Pardue has researched the history and contemporary forms of metalworking, gems, stone patterning, and more, plus has dedicated a portion of the book to emerging artists whose work is capturing attention today. As you explore *Contemporary Southwestern Jewelry's* stunning photography, let the art speak to you of how it came to be and what it represents, echoing a similar message still told by traditional Native American jewelry

Contemporary American Jewelry Design Ettagale Blauer, 2013-06-29 The Phenomenon of Studio Goldsmithing When the history of art in the 1980s is written, much of it will be etched in gold. This is the time of the contemporary goldsmith, an artist who chooses to work in precious metals rather than oils or marble. The contemporary jeweler-as-artist has only recently become a recognized force. With rare exceptions, the whole field is little more than thirty years old. But it is only within the past fifteen years that these jewelers have entered the jewelry mainstream. The phenomenon of contemporary goldsmithing embraces an eclectic group of artists, each with a unique vision, each taking a personal path to jewelry producing. They have as little relationship to the typical, mass-produced jewelry as a champagne maker has to a bottler of orange soda. They approach a piece of art, not a piece of metal. The work is personal and a perfect expression of the back to the land movement that spawned it. Many of these goldsmiths were looking not merely for a way to make a living but for a way to make a life that was worthy of living. Running a business while trying to remain a creative metalsmith at the same time is the ongoing challenge. The jeweler-artists have solved or resolved these often conflicting needs in slightly different ways and in a beautiful variety of techniques and styles. Their methods, their growth, and their work are discussed here.

Earrings Daniela Mascetti, Amanda Triossi, 1990 Daniela Mascetti and Amanda Triossi, both experts from Sotheby's, are themselves under the spell of earrings, and their erudition does not disguise that this book is as much a romance as a fine piece of art-historical research. The authors relate how the fashion of wearing precious earrings spread from ancient Egypt to the Classical Greek and Roman worlds to Byzantium. Techniques in the cutting of gemstones and diamonds, perfected in the eighteenth century, allowed earring design to evolve towards its most stylish and glamorous, and the book covers every

period and style up to the present.
