The Diamond's Journey Susanne Steiner,2017-09-28 The Diamond's Journey begins in California in 2005, when a woman receives a diamond ring as part of an inheritance. She is the fourth person she knows of to have worn the ring. Upon discovering the ring is over 100 years old, she realizes there must have been others who had the opportunity to wear the ring as well. This launches the story of how and where the diamonds were discovered, the trader who obtained them, their journey to France, only to be sold in their raw state to an American collector, who re-sells them to the famed JP Morgan, who gives them as a bonus to a young protégé, who has them cut and polished in the new 'ideal cut' in order to propose to his future bride. The ring is then left in a drawer and forgotten until it is found again and used to negotiate freedom, as a gift for saving a life, bartered for food, presented as a gift, and re-used as an engagement ring. It is gifted in appreciation, and passed down from a mother to a daughter, and then a daughter-in-law.

Dear Diamond Stephie Walls,2018-11-18 She wasn't mine to claim--I knew nothing about her.But then our eyes met...She danced on stage, exposed in more ways than just her lack of clothing. I expected to see lust. Instead, I got anger, hatred, resentment. She was in deep with the company I'd escaped, and my presence at Club Swank made me guilty by association.But I refused to let them have her.I'd protect her at all costs. After all, they owed me.

My Diamond ,2019-10-30 A collection of poems including formal and free verse.

The Necklace Cheryl Jarvis,Women of Jewelia,2008 Four years ago, Jonell McLain saw a diamond necklace in a jewelry store window. The necklace aroused desire first, then a provocative question: What if we shared what we desired? Several weeks, dozens of phone calls, and a leap of faith later, Jonell bought the necklace with twelve other women. With vastly dissimilar histories and lives, the women transcended their individual personalities and politics to join together in an uncommon journey. Part charm, part metaphor, part mirror, the necklace weaves in and out of each woman's life, and comes to mean something dramatically different to each of them. What started as a quirky social experiment became something far

richer and deeper, as the women transformed a symbol of exclusivity into a symbol of inclusiveness. They discovered that sharing the necklace was only the beginning: the more they shared with others, the more profound this experience became.-- From publisher description.

Diamond in the Dark Daniel Waudby,2023-06 Diamond in the Dark is more than a book about the fantasies of love and life. It's an expression of self - turning heartbreak and trauma into words of art. This book offers an insight into the mind of a man that expresses his desires of finding his one true love - I never knew, I would find the universe in someone's eyes till I found an ocean of stars when I look into yours. Through a series of traumatic events in his life - battling severe anxiety / depression / suicide, he had found a way through the darkness to find his own Diamond in the Dark. You may be triggered - as you progress through the book to the darkest aspects of life. However, one thing is for sure - Throughout the darkest of nights comes the brightest of days. The sun will always rise again and so shall you. Followed by the rising of the sun - we gain a wider view of the experience that never came into fruition, which grew into Diamonds in the Dark. Sometimes the things that never happened are the best thing to ever happen

Another Kind of Diamond Gloria Obizu,2012-07-01 An inspirational book for everyone Another kind of Diamond discusses a girl who had to go through the horrible ordeal of abuse and neglect in the hands of her parents. However, as we read we discover that even though her up-bringing was nothing to write home about yet she had ample opportunities to make all wrongs right. For instance she is gifted in physical and intellectual abilities. Granted the chance for a fresh start, a good husband, even loyal friends at some other points and wealth too, but she stuck to self destructive ways and ended her life in ruin.

An Accidental Light Elizabeth Diamond,2009-01-02 I've seen her a thousand times. Running through the blue shadows in the rain. Stopped by a screech of brakes and my voice shouting. Stopped by the sudden boom of my heart. On a quiet road just outside London, in the blue half-light of dusk, a car accident will change the lives of two families forever.Jack Philips is a happily married policeman with two small daughters, but the accident forces him to reassess everything he loves - and to confront long-buried secrets. For Lisa Jenkins, the devastation seems almost unbearable. Until she discovers an inner strength she never knew she had - and the courage to change her life completely. Simply Gone Jeffrey T Diamond,2023-08-11 Breaking up with my soulmate, like eating from the tree of knowledge . . . This chapbook explores the ways love can haunt after it has been lost. Sometimes, the love reappears as a memory. Sometimes, unexpectedly, it reappears as something more-as a spirit, a voice, or even the innermost self. What happens to the love during such times? Through twenty poems and one short story, which fluctuate between the philosophical and the intimately emotional, such love is given expression.
