Diamond Kerry G Davis, 2019-07-23 Diamond represents every child that has a talent, but lacks the support and confidence to share that talent with the world. Sometimes people see the rough more than they see the diamond. It takes a special person to see the diamond in the rough.

The Diamond's Journey Susanne Steiner, 2017-09-28 The Diamond's Journey begins in California in 2005, when a woman receives a diamond ring as part of an inheritance. She is the fourth person she knows of to have worn the ring. Upon discovering the ring is over 100 years old, she realizes there must have been others who had the opportunity to wear the ring as well. This launches the story of how and where the diamonds were discovered, the trader who obtained them, their journey to France, only to be sold in their raw state to an American collector, who re-sells them to the famed JP Morgan, who gives them as a bonus to a young protégé, who has them cut and polished in the new 'ideal cut' in order to propose to his future bride. The ring is then left in a drawer and forgotten until it is found again and used to negotiate freedom, as a gift for saving a life, bartered for food, presented as a gift, and re-used as an engagement ring. It is gifted in appreciation, and passed down from a mother to a daughter, and then a daughter-in-law.

Diamonds in the Dew Nora Stanger, 2003-09 Chasing the Light is an action adventure, romantic comedy with a unique sci-fi twist. But once the characters reach the refuge of the high Sierras, it becomes a heartwarming journey of discovery. Michelle Rousseau is a very intelligent research scientist who has developed an advanced Virtual Reality system that can be used in the real world. Tom Bryant is a nature photographer who spends weeks at a time immersed in the wilderness of the

high Sierras. Alvin is a sentient being from another world who explores the galaxy by beaming a virtual version of himself and his entire civilization by stages to likely planets that might have intelligent life. When he arrives on earth his transmission is so immense that he ends up scattered all over the World Wide Web in millions of computers, causing havoc to businesses, governments, and law enforcement agencies. By a chance meeting Alvin is able to contact Tom through Michelle's VR glasses and tells him what happened. Michelle helps him build an advanced computer so he can retrieve the rest of himself before they are caught by the military and dozens of other agencies trying to find the one responsible for a looming world wide disaster. But if Alvin is detained or disconnected from the web, another transmission, much more powerful than the one he came in on, will disable most of the computers on the planet. They reach the refuge of the high Sierras, where Alvin can use a satellite dish to access the Web, while Tom and Michelle go on a lot of personal adventures, trying to hide in a remote wilderness. Alvin is intensely curious about earth, and asks a lot of innocent questions about love and human relationships. Michelle had been hurt in a lot of her relationships and has a hard time trusting anyone. She is a beautiful woman, but her beauty had always been a handicap for her in the business world. Men saw her as a trophy, something to conquer and possess. Tom is a passionate artist who loves the outdoors. He spends most of their time in the mountains putting Michelle in situations she isn't used to, trying to get her to really trust him. Their lives are in each other's hands, and Tom knows that he'll never reach her until she learns how to trust again.

The Necklace Cheryl Jarvis, *Women of Jewelia*, 2008 Four years ago, Jonell McLain saw a diamond necklace in a jewelry store window. The necklace aroused desire first, then a provocative question: What if we shared what we desired? Several weeks, dozens of phone calls, and a leap of faith later, Jonell bought the necklace with twelve other women. With vastly dissimilar histories and lives, the women transcended their individual personalities and politics to join together in an uncommon journey. Part charm, part metaphor, part mirror, the necklace weaves in and out of each woman's life, and comes to mean something dramatically different to each of them. What started as a quirky social experiment became something far richer and deeper, as the women transformed a symbol of exclusivity into a symbol of inclusiveness. They discovered that sharing the necklace was only the beginning: the more they shared with others, the more profound this experience became.-- From publisher description.

Rooted to his idealized past, he is struggling to find his way in a world that never listened to his youthful dreams and visions. Trapped within the merry-go-round of a loveless thirteen-year marriage, Everett's delicate infrastructure is held together only by the unconditional love he has for his two daughters. Fatherhood is his sole companion. While on another tedious business trip in Denver, Everett meets someone who taunts his perceptions about everything. While Everett stands at a new crossroads in life, Nicole Summers presents him with an alternative, alluring path that stretches and twists his imbedded childhood beliefs. As he attempts to escape his facade of a life, Everett must face a clichéd scenario--to either remain true to his need to find inner peace or indulge in the temptation that lies within his immediate grasp. The Diamond Gail Scott,2017-09-13 This book is a project of transparency. These printed words are a culmination of life experiences that have been buried inside of me for years. It tells the story of Gail and where I came from. What road was I going down, with no one to teach me right from wrong or good from bad? This story is the height and depth of a young girl's life, and how she endured pain and suffering at the hands of her mother and men in her life. It epitomizes the struggle of living with children as a single parent without any support. It is how I endured and came forth victorious. Prayerfully, these words will inspire someone and encourage others to press on and endure another day to higher heights. The primary goal for my story is to show how they, too, can overcome any adversities and obstacles that may come their way, just as I have.
