**Diamond** Kerry G Davis,2019-07-23 Diamond represents every child that has a talent, but lacks the support and confidence to share that talent with the world. Sometimes people see the rough more than they see the diamond. It takes a special person to see the diamond in the rough.

**Diamond in the Rough** Joan Grove,1985

Diamond Dust Kay K. Shearin,2007-08-01

Dear Diamond Stephanie Walls,2018-11-18 She wasn't mine to claim--I knew nothing about her.But then our eyes met...She danced on stage, exposed in more ways than just her lack of clothing. I expected to see lust. Instead, I got anger, hatred, resentment. She was in deep with the company I'd escaped, and my presence at Club Swank made me guilty by association.But I refused to let them have her.I'd protect her at all costs. After all, they owed me.

A Diamond Day Domenico Pulella,2019-09-22 A diamond adventure about selling diamonds of repute to people off repute.Something inherent, is people generally believe if they plan, and prepare, it has to work, its just has to work but reality doesn't always peg out your way theres always a curve ball.

Diamond In The Rough Doris D Jones,2021-03-06 Looking back at my life, one thing stands out, the struggle. Learning how to make do with a little of nothing and be thankful for the crumbs from others table was hard. I grew up in a harsh environment. There was physical, mental, and sexual abuse. This type of environment teaches you to use the most primal survival skills. I remember watching mom get up at three o'clock in the morning everyday to walk to work. She worked at the Columbus city courthouse. No matter the weather she was always there. Every day like clockwork she was there regardless of the weather getting it in. I remember seeing her wrap her hands in old socks to stay warm. Her shoes were running over from walking so many miles. I didn't understand at first, but time and error have shown me that she did what she knew to do for her children. It was her way of showing us she loved us the only way she knew how. I ended up doing the same thing for my children, following in her footsteps. Just like we took mom for granted my children did the same to me, take me for granted. I worked to provide a better life than I was able to afford as a child. My mom showed me that having children was a full-time job that you wanted to do, because the reward was priceless. The heartache and pain of a childbirth was only a prelude of what was to come, yet it's more than worth the indescribable joy and pride. When you can see how well they turn

out. July twenty-fifth nineteen eighty, I found a reason to live and to strive. His name is Alandrew Ed Rodrick Jones, He was five ponds and three ounces, red wrinkled and squirming. The true beginning of my adult journey. I wasn't alone anymore. I had someone to love me.

The Diamond's Journey Susanne Steiner,2017-09-28 The Diamond's Journey begins in California in 2005, when a woman receives a diamond ring as part of an inheritance. She is the fourth person she knows of to have worn the ring. Upon discovering the ring is over 100 years old, she realizes there must have been others who had the opportunity to wear the ring as well. This launches the story of how and where the diamonds were discovered, the trader who obtained them, their journey to France, only to be sold in their raw state to an American collector, who re-sells them to the famed JP Morgan, who gives them as a bonus to a young protégé, who has them cut and polished in the new 'ideal cut' in order to propose to his future bride. The ring is then left in a drawer and forgotten until it is found again and used to negotiate freedom, as a gift for saving a life, bartered for food, presented as a gift, and re-used as an engagement ring. It is gifted in appreciation, and

passed down from a mother to a daughter, and then a daughter-in-law.

**The Necklace** Cheryl Jarvis, Women of Jewelia, 2008 Four years ago, Jonell McLain saw a diamond necklace in a jewelry store window. The necklace aroused desire first, then a provocative question: What if we shared what we desired? Several weeks, dozens of phone calls, and a leap of faith later, Jonell bought the necklace with twelve other women. With vastly dissimilar histories and lives, the women transcended their individual personalities and politics to join together in an uncommon journey. Part charm, part metaphor, part mirror, the necklace weaves in and out of each woman's life, and comes to mean something dramatically different to each of them. What started as a quirky social experiment became something far richer and deeper, as the women transformed a symbol of exclusivity into a symbol of inclusiveness. They discovered that sharing the necklace was only the beginning: the more they shared with others, the more profound this experience became.-- From publisher description.
