The Diamond, 1883

Diamond Kerry G Davis, 2019-07-23 Diamond represents every child that has a talent, but lacks the support and confidence to share that talent with the world. Sometimes people see the rough more than they see the diamond. It takes a special person to see the diamond in the rough.

Diamond, 1915

Diamond in the Rough Joan Grove, 1985

Diamond Matthew Hart, 2010-06 For centuries, diamonds have symbolized wealth, prestige, and love. But behind those symbols lies a world of deceit, monopoly, and war. Today, although 85% of American women own a diamond, the diamond trade remains one of the world's most mysterious businesses. Hart follows the diamond trail around the globe. He records the heroic struggle of the 24-year-old woman who discovered a multibillion-dollar diamond mine on the Arctic Circle and describes the company that feared her most -- De Beers, masterminds of the great diamond cartel. ¿Combining history, science, business, and adventure, this book captures the essence of this priceless gem and the world that surrounds it.¿ Illustrations.

Rocks, Ice and Dirty Stones Marcia Pointon, 2017-03-15 The king of stones, valued since antiquity for their unrivalled hardness, diamonds today are both desired and deplored. Once faceted and polished they glitter on the fingers of brides-to-be and in the ornaments of the super-rich, but their extraction from some of the world's poorest countries remains contentious. Immensely valuable for their size, diamonds can be easily hidden and transported, making them perfect contraband. Diamonds have been widely used in industry since the nineteenth century and have long been valued for their pharmaceutical and prophylactic properties. This entertaining and richly illustrated book examines the history of the diamond trade through the centuries from India and Brazil to South Africa and Europe and investigates what happens to diamonds once they reach the cutters and polishers. Marcia Pointon takes the reader on a unique tour of the ways in which the quadrahedron diamond shape has inspired design, architecture, and painting, from the symbolism of medieval manuscripts to modern-day graffiti. She questions the etiquette of engagement rings, and she reminds us why and how lost,

stolen, or cursed diamonds create suspense in so many classic novels and films. This compelling and fascinating account of the history of sparklers around the world will appeal to all who covet, as well as all who despise, the unparalleled brilliance and glitter of the diamond.

Dear Diamond Stephanie Walls, 2018-11-18 She wasn't mine to claim--I knew nothing about her. But then our eyes met...She danced on stage, exposed in more ways than just her lack of clothing. I expected to see lust. Instead, I got anger, hatred, resentment. She was in deep with the company I'd escaped, and my presence at Club Swank made me guilty by association. But I refused to let them have her. I'd protect her at all costs. After all, they owed me.

Diamond Emily Hahn, 1956 Diamond, the spectacular story of earth's rarest treasure and man's greatest greed
A Diamond Day Domenico Pulella, 2019-09-22 A diamond adventure about selling diamonds of repute to people off repute. Something inherent, is people generally believe if they plan, and prepare, it has to work, it just has to work but reality doesn't always peg out your way there's always a curve ball.

The Diamond's Journey Susanne Steiner, 2017-09-28 The Diamond's Journey begins in California in 2005, when a woman receives a diamond ring as part of an inheritance. She is the fourth person she knows of to have worn the ring. Upon discovering the ring is over 100 years old, she realizes there must have been others who had the opportunity to wear the ring as well. This launches the story of how and where the diamonds were discovered, the trader who obtained them, their journey to France, only to be sold in their raw state to an American collector, who re-sells them to the famed JP Morgan, who gives them as a bonus to a young protégé, who has them cut and polished in the new 'ideal cut' in order to propose to his future bride. The ring is then left in a drawer and forgotten until it is found again and used to negotiate freedom, as a gift for saving a life, bartered for food, presented as a gift, and re-used as an engagement ring. It is gifted in appreciation, and passed down from a mother to a daughter, and then a daughter-in-law.

Diamonds in the Dew Nora Stanger, 2003-09 Chasing the Light is an action adventure, romantic comedy with a unique sci-fi twist. But once the characters reach the refuge of the high Sierras, it becomes a heartwarming journey of discovery. Michelle Rousseau is a very intelligent research scientists who has developed an advanced Virtual Reality system that can be used in the real world. Tom Bryant is a nature photographer who spends weeks at a time immersed the wilderness of the high Sierras. Alvin is a sentient being from another world who explores the galaxy by beaming a virtual version of himself and his entire civilization by stages to likely planets that might have intelligent life. When he arrives on earth his transmission is so immense that he ends up scattered all over the World Wide Web in millions of computers, causing havoc to businesses, governments, and law enforcement agencies. By a chance meeting Alvin is able to contact Tom through Michelle's VR glasses and tells him what happened. Michelle helps him build an advanced computer so he can retrieve the rest of himself before they are caught by the military and dozens of other agencies trying to find the one responsible for a looming world wide disaster. But if Alvin is detained or disconnected from the web, another transmission, much more powerful than the one he came in on, will disable most of the computers on the planet. They reach the refuge of the high Sierras, where Alvin can use a satellite dish to access the Web, while Tom and Michelle go on a lot of personal adventures, trying to hide in a remote wilderness. Alvin is intensely curious about earth, and asks a lot of innocent questions about love and human relationships. Michelle had been hurt in a lot of her relationships and has a hard time trusting anyone. She is a beautiful woman, but her beauty had always been a handicap for her in the business world. Men saw her as a trophy, something to conquer and posses. Tom is a passionate artist who loves the outdoors. He spends most of their time in the mountains putting Michelle in situations she isn't used to, trying to get her to really trust him. Their lives are in each other's hands, and Tom knows that he'll never reach her until she learns how to trust again.
