My Diamond ,2019-10-30 A collection of poems including formal and free verse.

Dear Diamond Stephie Walls,2018-11-18 She wasn't mine to claim--I knew nothing about her.But then our eyes met...She danced on stage, exposed in more ways than just her lack of clothing. I expected to see lust. Instead, I got anger, hatred, resentment. She was in deep with the company I'd escaped, and my presence at Club Swank made me guilty by association.But I refused to let them have her.I'd protect her at all costs. After all, they owed me.

The Diamond's Journey Susanne Steiner,2017-09-28 The Diamond's Journey begins in California in 2005, when a woman receives a diamond ring as part of an inheritance. She is the fourth person she knows of to have worn the ring. Upon discovering the ring is over 100 years old, she realizes there must have been others who had the opportunity to wear the ring as well. This launches the story of how and where the diamonds were discovered, the trader who obtained them, their journey to France, only to be sold in their raw state to an American collector, who re-sells them to the famed JP Morgan, who gives them as a bonus to a young protégé, who has them cut and polished in the new 'ideal cut' in order to propose to his future bride. The ring is then left in a drawer and forgotten until it is found again and used to negotiate freedom, as a gift for saving a life, bartered for food, presented as a gift, and re-used as an engagement ring. It is gifted in appreciation, and passed down from a mother to a daughter, and then a daughter-in-law.

Diamonds in the Dew Nora Stanger,2003-09 Chasing the Light is an action adventure, romantic comedy with a unique sci-fi twist. But once the characters reach the refuge of the high Sierras, it becomes a heartwarming journey of discovery. Michelle Rousseau is a very intelligent research scientists who has developed an advanced Virtual Reality system that can be used in the real world. Tom Bryant is a nature photographer who spends weeks at a time immersed the wilderness of the high Sierras. Alvin is a sentient being from another world who explores the galaxy by beaming a virtual version of himself and his entire civilization by stages to likely planets that might have intelligent life. When he arrives on earth his

transmission is so immense that he ends up scattered all over the World Wide Web in millions of computers, causing havoc to businesses, governments, and law enforcement agencies. By a chance meeting Alvin is able to contact Tom through Michelle's VR glasses and tells him what happened. Michelle helps him build an advanced computer so he can retrieve the rest of himself before they are caught by the military and dozens of other agencies trying to find the one responsible for a looming world wide disaster. But if Alvin is detained or disconnected from the web, another transmission, much more powerful than the one he came in on, will disable most of the computers on the planet. They reach the refuge of the high Sierras, where Alvin can use a satellite dish to access the Web, while Tom and Michelle go on a lot of personal adventures, trying to hide in a remote wilderness. Alvin is intensely curious about earth, and asks a lot of innocent questions about love and human relationships. Michelle had been hurt in a lot of her relationships and has a hard time trusting anyone. She is a beautiful woman, but her beauty had always been a handicap for her in the business world. Men saw her as a trophy, something to conquer and possess. Tom is a passionate artist who loves the outdoors. He spends most of their time in the mountains putting Michelle in situations she isn't used to, trying to get her to really trust him. Their lives are in each other's hands, and Tom knows that he'll never reach her until she learns how to trust again.

The Necklace Cheryl Jarvis, Women of Jewelia, 2008 Four years ago, Jonell McLain saw a diamond necklace in a jewelry store window. The necklace aroused desire first, then a provocative question: What if we shared what we desired? Several weeks, dozens of phone calls, and a leap of faith later, Jonell bought the necklace with twelve other women. With vastly dissimilar histories and lives, the women transcended their individual personalities and politics to join together in an uncommon journey. Part charm, part metaphor, part mirror, the necklace weaves in and out of each woman's life, and comes to mean something dramatically different to each of them. What started as a quirky social experiment became something far richer and deeper, as the women transformed a symbol of exclusivity into a symbol of inclusiveness. They discovered that sharing the necklace was only the beginning: the more they shared with others, the more profound this experience became.-- From publisher description.

The Sheikh's Diamond Leslie North, 2016-11-08 True love is priceless-or is it? Sheikh Masoud Khalidizack is terminally bored by palace life. With his elder brother inheriting his father's responsibilities and his younger brother treating life like one big party, he often feels left behind. When a family friend suggests a bet to see which brother will be left unwed at the end of the year, Masoud thinks it is impossible to lose and he's already making plans on what to do with the prize - Muharraq

Island. That all changes with the arrival of headstrong Fleur Summers, a beautiful archaeologist bent on finding the legendary Solomon Diamond. It was once part of the Khalidizack family's heritage, but now it is lost to history. Her reputation depends on finding it and putting it into a museum, but the distractingly handsome Sheikh who hired her certainly isn't helping. In fact, Masoud intends to restore the diamond to its rightful place - in the Khalidizack palace. Now, they have to overcome their mutual mistrust and simmering attraction to find the artifact that could bring glory to them both. In a race against ruthless rivals that spans continents, finding the prize will bring them together or destroy one of their lives.

Diamond in the Dark Daniel Waudby, 2023-06 *Diamond in the Dark* is more than a book about the fantasies of love and life. It's an expression of self - turning heartbreak and trauma into words of art. This book offers an insight into the mind of a man that expresses his desires of finding his one true love - I never knew, I would find the universe in someone's eyes till I found an ocean of stars when I look into yours. Through a series of traumatic events in his life - battling severe anxiety / depression / suicide, he had found a way through the darkness to find his own Diamond in the Dark. You may be triggered - as you progress through the book to the darkest aspects of life. However, one thing is for sure - Throughout the darkest of nights comes the brightest of days. The sun will always rise again and so shall you. Followed by the rising of the sun - we gain a wider view of the experience that never came into fruition, which grew into Diamonds in the Dark. Sometimes the things that never happened are the best thing to ever happen

Another Kind of Diamond Gloria Obizu, 2012-07-01 An inspirational book for everyone *Another kind of Diamond* discusses a girl who had to go through the horrible ordeal of abuse and neglect in the hands of her parents. However, as we read we discover that even though her up-bringing was nothing to write home about yet she had ample opportunities to make all wrongs right. For instance she is gifted in physical and intellectual abilities. Granted the chance for a fresh start, a good husband, even loyal friends at some other points and wealth too, but she stuck to self destructive ways and ended her life in ruin.

Simply Gone Jeffrey T Diamond, 2023-08-11 Breaking up with my soulmate, like eating from the tree of knowledge . . . This chapbook explores the ways love can haunt after it has been lost. Sometimes, the love reappears as a memory. Sometimes, unexpectedly, it reappears as something more-as a spirit, a voice, or even the innermost self. What happens to the love during such times? Through twenty poems and one short story, which fluctuate between the philosophical and the intimately emotional, such love is given expression.

The Diamond Gail Scott, 2017-09-13 This book is a project of transparency. These printed words are a culmination of life experiences that have been buried inside of me for years. It tells the story of Gail and where I came from. What road was I going down, with no one to teach me right from wrong or good from bad? This story is the height and depth of a young girl's life, and how she endured pain and suffering at the hands of her mother and men in her life. It epitomizes the struggle of

living with children as a single parent without any support. It is how I endured and came forth victorious. Prayerfully, these words will inspire someone and encourage others to press on and endure another day to higher heights. The primary goal for my story is to show how they, too, can overcome any adversities and obstacles that may come their way, just as I have.

Diamond's Triangle Keith Outerbridge, 2016-07-18 Diamond was faced with the most traumatic news that rocked her world to the core in Part 1. More Twist and Turns than ever before. More Drama to keep you on the edge of your seat. Read this book to find out what finally happens to Diamond's Triangle Part 2: 20 Years later... The Finale of an Unusual Love Story.

An Accidental Light Elizabeth Diamond, 2009-01-02 I've seen her a thousand times. Running through the blue shadows in the rain. Stopped by a screech of brakes and my voice shouting. Stopped by the sudden boom of my heart. On a quiet road just outside London, in the blue half-light of dusk, a car accident will change the lives of two families forever. Jack Philips is a happily married policeman with two small daughters, but the accident forces him to reassess everything he loves - and to confront long-buried secrets. For Lisa Jenkins, the devastation seems almost unbearable. Until she discovers an inner strength she never knew she had - and the courage to change her life completely. This heartbreaking but ultimately uplifting debut novel explores the ripple effects of a single moment of tragedy - the journey from guilt to peace, from vengeance to forgiveness, from grief to hope - and even, ultimately, to joy.

Perceived Valuable Isaac Bragg, Sr Isaac S Bragg, 2015-06-08 When Isaac Bragg was 6 years old, his mother abandoned him, leaving him to fend for himself with only his father to turn to. With his father often away gambling, Isaac was all alone, wandering the streets of Paradise Hills at night, shedding hopeless tears. He was on the verge of giving up on life and losing all hope. Then one summer afternoon three years later, he met a young white prostitute named Laura. She became his mother, showering him with love and restoring his strength and the faith he had once lost. Through her unconditional love, she molded him into a strong-willed survivor. She taught him how to cope with situations and struggles and, most importantly, to never give up on life. Sitting beneath the stars, they rehearsed a special phrase that only the two of them remembered for the rest of their lives. The world saw Laura as a prostitute. But 9-year-old Isaac only saw a loving mother and a dear friend. Despite how the world perceived them, they meant the world to one another. They were each missing a piece that the other one held. Isaac had been deprived of a mother figure. Laura had been deprived of the joy of having a son. Together they formed a bond that will last throughout the ages. She searched his soul, finding a value buried deep within him that nobody had discovered before. He finally felt life was good and slowly mending itself back together. Everything seemed perfect - until the woman he loved so much was suddenly taken away from him. She left this life without a moment's notice,

sending the world crashing back down on him. For Isaac, the pain became unbearable. He had no other option but to turn to a small group of friends in the neighborhood. They all had one thing in common: pain. Together as a pack, they desperately searched the deadly streets of PH for a way to ease the pain they all held deep inside - even if it mean causing it to others.
