Clarity, Cut, and Culture Susan Falls,2014 Images of diamonds appear everywhere in American culture. And everyone who has a diamond has a story to tell about it. Our stories about diamonds not only reveal what we do with these tiny stones, but also suggest how we create value, meaning, and identity through our interactions with material culture in general. Things become meaningful through our interactions with them, but how do people go about making meaning? What can we learn from an ethnography about the production of identity, creation of kinship, and use of diamonds in understanding selves and social relationships? By what means do people positioned within a globalized political-economy and a compelling universe of advertising interact locally with these tiny polished rocks? This book draws on 12 months of fieldwork with diamond consumers in New York City as well as an analysis of the iconic De Beers campaign that promised romance, status, and glamour to anyone who bought a diamond to show that this thematic pool is just one resource among many that diamond owners draw upon to engage with their own stones. The volume highlights the important roles that memory, context, and circumstance also play in shaping how people interpret and then use objects in making personal worlds. It shows that besides operating as subjects in an ad-burdened universe, consumers are highly creative, idiosyncratic, and theatrical agents--

The Diamond's Journey Susanne Steiner,2017-09-28 The Diamond's Journey begins in California in 2005, when a woman receives a diamond ring as part of an inheritance. She is the fourth person she knows of to have worn the ring. Upon discovering the ring is over 100 years old, she realizes there must have been others who had the opportunity to wear the ring as well. This launches the story of how and where the diamonds were discovered, the trader who obtained them, their journey to France, only to be sold in their raw state to an American collector, who re-sells them to the famed JP Morgan, who gives them as a bonus to a young protégé, who has them cut and polished in the new 'ideal cut' in order to propose to his future bride. The ring is then left in a drawer and forgotten until it is found again and used to negotiate freedom, as a gift for saving a life, bartered for food, presented as a gift, and re-used as an engagement ring. It is gifted in appreciation, and

passed down from a mother to a daughter, and then a daughter-in-law.

My Diamond ,2019-10-30 A collection of poems including formal and free verse.

Dear Diamond Stephanie Walls,2018-11-18 She wasn't mine to claim--I knew nothing about her.But then our eyes met...She danced on stage, exposed in more ways than just her lack of clothing. I expected to see lust. Instead, I got anger, hatred, resentment. She was in deep with the company I'd escaped, and my presence at Club Swank made me guilty by association.But I refused to let them have her.I'd protect her at all costs. After all, they owed me.

A Diamond in the Dust Frauke Bolten-Boshammer,Sue Smethurst,2020 The powerful true story of how one woman turned outback dust into a diamond empire. However, Frauke stayed, determined to help her husband carve out a new life farming. Tragedy struck just three years later when Friedrich took his own life and she was left to raise their family alone. Twenty-six years after she sold her first necklace off the back porch, Kimberley Fine Diamonds in Kununurra is now home to one of the world's largest collections of Argyle pink diamonds, with a client list that includes Nicole Kidman and Hugh Jackman. Frauke is credited for not only pioneering an industry, but for putting the tiny outback town and its precious diamonds on the map. A Diamond in the Dust is a tale of love and loss, hardship and heartache, but ultimately the inspiring story of how a naïve young girl from Germany overcame tragedy to pioneer a diamond empire in one of the most unforgiving terrains on earth.

By a chance meeting Alvin is able to contact Tom through Michelle's VR glasses and tells him what happened. Michelle helps him build an advanced computer so he can retrieve the rest of himself before they are caught by the military and dozens of other agencies trying to find the one responsible for a looming world wide disaster. Chasing Diamonds David T. Straw, 2017-04-07 Thirty-six-year-old Everett Lentry just wants to run away. Rooted to his idealized past, he is struggling to find his way in a world that never listened to his youthful dreams and visions. Trapped within the merry-go-round of a loveless thirteen-year marriage, Everett's delicate infrastructure is held together only by the unconditional love he has for his two daughters. Fatherhood is his sole companion. While on another tedious business trip in Denver, Everett meets someone who taunts his perceptions about everything. While Everett stands at a new crossroads in life, Nicole Summers presents him with an alternative, alluring path that stretches and twists his imbedded childhood beliefs. As he attempts to escape his facade of a life, Everett must face a clichéd scenario--to either remain true to his need to find inner peace or indulge in the temptation that lies within his immediate grasp. In this poignant tale of struggles, love, and loss, one man sets out on a journey of self-discovery that leads him to a relationship that will test his fundamental beliefs and to a destiny he never could have imagined.

The Necklace Cheryl Jarvis, *Women of Jewelia*, 2008 Four years ago, Jonell McLain saw a diamond necklace in a jewelry

store window. The necklace aroused desire first, then a provocative question: What if we shared what we desired? Several weeks, dozens of phone calls, and a leap of faith later, Jonell bought the necklace with twelve other women. With vastly dissimilar histories and lives, the women transcended their individual personalities and politics to join together in an uncommon journey. Part charm, part metaphor, part mirror, the necklace weaves in and out of each woman's life, and comes to mean something dramatically different to each of them. What started as a quirky social experiment became something far richer and deeper, as the women transformed a symbol of exclusivity into a symbol of inclusiveness. They discovered that sharing the necklace was only the beginning: the more they shared with others, the more profound this experience became.-- From publisher description.

Everything Happens for a Reason Ms. Diamond, 2016-11-16 Most people believe that everything happens for a reason. One thing is reacting to choices previously made and Athena Child was no different. She lived her life not looking to be famous but to make a living doing the things she loved. Married to a man she thought was her soul mate and learned everything is not as it seems. She was content and okay with it because her craft made her happy. Lamar Brixton is a computer geek with a Greek body. Some would say the total package. He is the CEO of his own software/security company and very single. His ONLY problem is the perfect woman for him belongs to someone that no longer appreciates her. His main goal now is to find a way to show her that her king is still waiting to sit beside her. Athena's ONLY problem is now which course does she choose. The man who over looks her in his life, the one who can't live without her or to be on her own minus the heartache men seem to bring her? Everything seemed to happen for a reason for her now it's time for her next choice.

Another Kind of Diamond Gloria Obizu, 2012-07-01 An inspirational book for everyone Another kind of Diamond discusses a girl who had to go through the horrible ordeal of abuse and neglect in the hands of her parents. However, as we read we discover that even though her up-bringing was nothing to write home about yet she had ample opportunities to make all wrongs right. For instance she is gifted in physical and intellectual abilities. Granted the chance for a fresh start, a good husband, even loyal friends at some other points and wealth too, but she stuck to self destructive ways and ended her life in ruin.

Perceived Valuable Isaac Bragg,Sr Isaac S Bragg,2015-06-08 When Isaac Bragg was 6 years old, his mother abandoned him, leaving him to fend for himself with only his father to turn to. With his father often away gambling, Isaac was all alone, wandering the streets of Paradise Hills at night, shedding hopeless tears. He was on the verge of giving up on life and losing all hope. Then one summer afternoon three years later, he met a young white prostitute named Laura. She became his mother, showering him with love and restoring his strength and the faith he had once lost. Through her unconditional love, she molded him into a strong-willed survivor. She taught him how to cope with situations and struggles and, most importantly, to never give up on life. Sitting beneath the stars, they rehearsed a special phrase that only the two of them

remembered for the rest of their lives. The world saw Laura as a prostitute. But 9-year-old Isaac only saw a loving mother and a dear friend. Despite how the world perceived them, they meant the world to one another. They were each missing a piece that the other one held. Isaac had been deprived of a mother figure. Laura had been deprived of the joy of having a son. Together they formed a bond that will last throughout the ages. She searched his soul, finding a value buried deep within him that nobody had discovered before. He finally felt life was good and slowly mending itself back together. Everything seemed perfect - until the woman he loved so much was suddenly taken away from him. She left this life without a moment's notice, sending the world crashing back down on him. For Isaac, the pain became unbearable. He had no other option but to turn to a small group of friends in the neighborhood. They all had one thing in common: pain. Together as a pack, they desperately searched the deadly streets of PH for a way to ease the pain they all held deep inside - even if it mean causing it to others.
