500 Earrings Marthe Le Van,2007 Poring through the beautiful images in this exquisite gallery of earrings is like stepping inside a jewelry store filled with remarkable pieces from the finest contemporary jewelers. The earrings range from the classic to the avant-garde and come from an international array of artists.

I Love Those Earrings Jane Merrill,Chris Filstrup,2013 Earrings can talk-of mourning a dead king, supporting a revolution, or resisting an emperor. They have carried the message that a proper Victorian believed in Darwin, and that a woman invited a lover to her bed. Raid the jewelry boxes of the glamorous, legendary, and everyday chic women alike. See what earrings they have worn, when, and why, in ways that bespeak their way of life and personality, and how jewelry carries family and cultural heritage with style. Looking at earrings as tiny sculptures, here are details about gems, settings, and fixtures. Lavishly embellished with over 300 images of jewelry ranging from the Byzantine era to the contemporary artisan, the styles of design, relationships to dress, portraiture and symbolism, and other aspects of adornment are elaborated upon. With research-based anecdotes and her own life in earrings, the author tells a story that will engage anyone interested in celebrities, monarchies, and the barely recorded lives of women of the past, and, of course, anyone who loves beautiful jewelry.

Without Any Stars Aeon B. Scott, 2014-09-30 The world would be dark Without Any Stars. Dive deep into an adventure, where the world we have known has collapsed and a start of a brand new world begins. Star Mirror represents a new race that God mirrored from the last Earth inhabitants called humans and from the night skies constellations. For each constellation that falls under an animal, a curse, called the circle of life, the Star Mirrors gain their personalities and traits, but the heavens remain out of reach. Follow Vail as he struggles with the eternal conflict of light and darkness. Vail is a part of the near extinct Vulpecula clan, who was sent with the Lupus, to a far-off island to be safe from the crown. There, Vail meets two of his best friends who are being tempted by darkness. Will Vail overcome the darkness, or perhaps succumb to it? We all cast shadows, but shadows can only be cast with light. The difference between the two is how we balance both light and dark, which constantly fight deep within our hearts. Without Any Stars by Aeon B. Scott is a fantasy that deals with the deep darkness that lies true within our hearts.

Making Trouble Greg Valerio,2013-09-20 Fair trade jewellery has been around for a while - but while those crafting it worked under Fair Trade principles, the gold, silver and precious stones they were using came from some very murky places. Small scale mining is the second biggest global employer, and many of those mines pay a pittance, forcing their workers to labour long hours in dirty and dangerous conditions - for a pittance. Informed by those in the jewellery trade that this would never change, Greg Valerio set out to prove them wrong. Fairly traded gold is now available in the UK, although the battle continues for other metals and products.
