Leaning Into the Wind Susan Allen Toth,2003 *Leaning into the Wind* is a series of ten intimate essays in which Susan Allen Toth, who was spent most of her life in Iowa, Minnesota, and Wisconsin, reveals the ways in which weather has challenged and changed her perceptions about herself and the world around her. She describes her ever-growing awareness of and appreciation for how the weather marks the major milestones of her life. Toth explores issues as large as weather and spirituality in *Who Speaks in the Pillar of Cloud?* and topics as small as mosquito in *Things That Go Buzz in the Night*. In *Storms*, a severe thunderstorm becomes a continuing metaphor for the author's troubles first marriage. Two essays, one from late middle age, ponder how the weather seems different at various stages of life but always provides unexpected opportunities for self-discovery, change, and renewal.--BOOK JACKET.

Narrating from a fifty-year-old sailboat, Streever leads readers through the world's first forecasts, Chaos Theory, and a future affected by climate change. Along the way, he shares stories of wind-riding spiders, wind-sculpted landscapes, wind-generated power, wind-tossed airplanes, and the uncomfortable interactions between wind and wars, drawing from natural science, history, business, travel, as well as from his own travels. *And Soon I Heard a Roaring Wind* is an effortless personal narrative featuring the

Wind Louise M. Pryke, 2023-07-13 A natural and cultural history of wind from ancient deity to Twister. By turns creative and destructive, wind spreads seeds, fills sails, and disperses the energy of the sun. Worshipped since antiquity, wind has molded planets, determined battles, and shaped the evolution of life on earth—yet this invisible element remains intangible and unpredictable. In this book, Louise M. Pryke explores wind's natural history as well as its cultural life in myth, religion, art, and literature. Beyond these ancient imaginings, Pryke also traces how wind inspired modern scientific innovations and appeared in artistic works as diverse as the art of Van Gogh, the poetry of Keats, and the blockbuster film.

Herding the Wind Richard Layh, 2022-02-25 Herding the Wind—a Wall Street novel. It is the story of two people caught in the riptides of young love, memory and loss, jazz and dance, and the arduous impulse of striving for happiness in the heart of a pulsating city.

Against the Wind Jim Tilley, 2019-09-24 In this dramatic debut novel about relationships, six individuals' complicated lives are intertwined after a chance reunion. A successful environmental lawyer is forced to take himself to task when he realizes that everything about his work has betrayed his core beliefs. A high school English teacher asks her former high school love to take up her environmental cause. A transgender adolescent male raised by his grandparents struggles to excel in a world hostile to his kind. A French-Canadian political science professor finds himself left with a choice between his cherished separatist cause and his marriage and family. An accomplished engineer is chronically unable to impress his more accomplished father sufficiently to be named head of the international wind technology company his father founded. The Quebec separatist party's Minister of Natural Resources, a divorcée, finds herself caught between her French-Canadian lover and an unexpected English-Canadian suitor. Praise for *Against the Wind* "An intricate and elegantly compelling novel, notable for both its political and personal acuity. Jim Tilley writes with deep feeling for his characters and great command of his fascinating materials."—Peter Ho Davies, author of *The Fortunes* "The writing is brilliant and economical, especially

about the environment, and there's all sorts of information here for the taking, but essentially this is a novel of character. And a very good one." —Library Journal "Tilley handles decades-long character arcs with empathy, resulting in a resonant and humanistic novel." —Kirkus Reviews

Talking to the Wind Michael Wayne, 2018-09-07 This is the third in a series of poetry books written by the author. The first poetry book by Michael Wayne was *Memories a Crime of the Heart*; second, *Talking to Shadows*; and now, *Talking to the Wind*. In this book, you will discover a few fictional short stories, but primarily, you will discover emotional sonnets written with care and compassion by the author to try and help him as well as others understand the complexities of life. Inside are stories set to poems of a life lived in doubt, a life questioned by the author himself. These poems are but a brief glimpse into the mind and world of one who has lived not by choice but by circumstance through the gauntlet called life, which can sometimes be beyond one's control.
