**Diamonds and Precious Stones, a Popular Account of Gems. Containing Their History, Their Distinctive Properties, and a Description of the Most Famous Gems** Louis Dieulafait,Fanchon Sanford,2017-11-10 Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world.The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work.We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

So Precious a Foundation Milton Gatch, 1996-09-01 The Library of Leander van Ess arrived in New York in 1838 and has since then reposed within the library of Union Theological Seminary. The collection was one of the most comprehensive theological libraries in the new world. An important step in nineteenth-century cultural and education history, it created the largest collection of incunabula west of the Atlantic Ocean at the time. Because of this, an exhibition was necessary, and one was held from September 17 to November 23, 1996. Research for the exhibition revealed there were many books in the collection that reflected on the history of books and libraries in Germany. It also demonstrated that the collector, Leander van Ess, was an important figure for biblical translation as well as for collecting and scholarship. This catalogue explores van Ess's collection of Bibles in a number of languages, works on church history, ecclesiastical law, and medieval manuscripts. The book is illustrated in black and white with four color illustrations and one colored fold-out plate. It contains contributions by Johannes Altenberend, Milton McC. Gatch and Paul Needham, and includes a brief biography of van Ess with introductory notes to the collection. It is written in both English and German.
