Diamonds and Precious Stones, a Popular Account of Gems. Containing Their History, Their Distinctive Properties, and a Description of the Most Famous Gems Louis Dieulafait,Fanchon Sanford,2017-11-10 Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world.The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work.We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

*Precious* Helen Molesworth,2024-05-23 'Merging knowledge with fascination she shows us that the preciousness of gems does not lie solely in their sparkle but in their story.' Clare Hunter, author of *Threads: A History of the World Through the Eye of a Needle* 'This is - fittingly - a gem of a book. Rich descriptions, fascinating histories and, at times, just pure, dazzling

bling. A joy to read.' Tracy Borman, author of Elizabeth's Women, Thomas Cromwell and The Private Lives of the Tudors  
'Reading Precious is like opening history's treasure chest, to discover a trove of fascinating information.' Jane Robinson,  
author of Trailblazer, Hearts and Minds and Bluestockings

..... To turn the  
pages of PRECIOUS is to open an extraordinary treasure trove of stories. Travelling through moments in history and layers of  
soil and sediment, this is the glittering history of our world through a totally new lens. Discover the fragile emerald watch  
that survived cross-continental journeys and centuries under the floorboards of a London house, uncovered in 1912 by  
workmen who might have destroyed it with one wrong placement of a pick axe. Unearth the immense ritualistic significance  
of jade to ancient cultures across China, Central America and the Pacific, where it has been considered a symbol of life and a  
bridge to the afterlife for thousands of years. Learn of the Burmese warriors who believed so strongly in the connection  
between rubies and lifeblood that they embedded them into their skin before battle to protect them from harm. Journey back  
through the generations of women who wore pearls as a signifier of femininity and marvel at the role these glistening objects  
have played in changing depictions of feminism - from Marie Antoinette to Marilyn Monroe, Elizabeth Taylor to Coco Chanel.  
In this sumptuous and sweeping history of humanity's love affair with jewels, the V&A's Senior Jewellery Curator Helen  
Molesworth takes you behind the curtain of what you see in a museum or fetching vast sums on the auction floor,  
illuminating the deeply human stories that lie behind them.
