Brides, Inc. Vicki Howard,2008-08-25 Reveals how many of our customs and wedding rituals were the product of sophisticated advertising campaigns, merchandising promotions, and entrepreneurial innovations. The businesses and entrepreneurs, from jewelers to bridal consultants and caterers, set the stage for today's multibillion-dollar industry.

Forensic Radiology Michael J. Thali, M.D.,B. G. Brogdon,Mark D. Viner,2002-01-01 The scope of applications of forensic radiology includes determination of identity, evaluation of injury and death, use in criminal and civil litigation, in administrative proceedings such as workman's compensation hearings, in medical education, and in research. Until now, there has been no single source of radiologic knowledge for various disciplines to turn to when examining X-rays or other radiologic records as forensic evidence. This is the first book to cover the entire spectrum of radiological applications in forensic science. Discover how forensic radiology can be used to: Identify remains and determine issues such as animal vs.

human remains; whether one or more bodies are involved; and the age, sex, and stature of remains Evaluate causes of death and whether it was accidental, homicidal, or self-inflicted Establish evidence in both criminal and non-criminal proceedings Analyze bite marks to identify perpetrators Detect fakes and forgeries in art works Determine whether child, spousal, or geriatric abuse is occurring And much more Copiously illustrated with more than 640 pictures, *Forensic Radiology* is a visual guide and standard reference not only for radiologists, but for everyone involved in the field of forensics—from anthropologists to trial lawyers. This extremely readable text requires no background of medical training to understand, yet is detailed enough to inform physicians and dentists interested in this specialty field.

Dog's Waiting Room (Cozy Dog Mystery): #13 in the Golden Retriever Mystery Series (Golden Retriever Mysteries) Neil S Placky, 2023-10-25 Two parents die and two families mourn, in very different ways. Amateur sleuth Steve Levitan and his clue-sniffing golden retriever Rochester face two deaths in the 12th full-length novel in this long-running series. An Alzheimer's patient slips away from home on his own and tumbles into the Delaware River. And then Steve's love Lili suffers the crushing loss of her mother in a Miami Beach hospital. Eckhardt Lalor left behind a fortune in real estate, a fractured family, and a bitter legacy as a city slumlord. Does that add up to murder? There's no question of what killed Benita Weinstock—a dodgy heart—but her death rocks her daughter's world, and Steve's. It will be up to Rochester to solve the crime and heal his humans in this new mystery with heart -- and fur!
