*Poets Laureate in the Holy Roman Empire* John Flood,2011-09-08 Petrarch's revival of the ancient practice of laureation in 1341 led to the laurel being conferred on poets throughout Europe in the later Middle Ages and the Early Modern period. Within the Holy Roman Empire, Maximilian I conferred the title of Imperial Poet Laureate especially frequently, and later it was bestowed with unbridled liberality by Counts Palatine and university rectors too. This handbook identifies more than 1300 poets laureated within the Empire and adjacent territories between 1355 and 1804, giving (wherever possible) a sketch of their lives, a list of their published works, and a note of relevant scholarly literature. The introduction and various indexes provide a detailed account of a now largely forgotten but once significant literary-sociological phenomenon and illuminate

literary networks in the Early Modern period. A supplementary Volume 5 of Poets Laureate in the Holy Roman Empire. A Bio-bibliographical Handbook will be published in June 2019.

**Derivations of Code Sections of the Internal Revenue Codes of 1939 and 1954** United States. Congress. Joint Committee on Taxation, 1992 Internal Revenue Code of 1939 -- The tax statutes were re-codified by an Act of Congress on February 10, 1939 as the Internal Revenue Code (later known as the Internal Revenue Code of 1939). The 1939 Code was published as volume 53, Part I, of the United States Statutes at Large and as title 26 of the United States Code. Subsequent permanent tax laws enacted by the United States Congress updated and amended the 1939 Code.

United States Code United States, 2008 The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited U.S.C. 2012 ed. As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012

edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office--Preface.
