**Making Trouble** Greg Valerio, 2013-09-20 Fair trade jewellery has been around for a while - but while those crafting it worked under Fair Trade principles, the gold, silver and precious stones they were using came from some very murky places. Small scale mining is the second biggest global employer, and many of those mines pay a pittance, forcing their workers to labour long hours in dirty and dangerous conditions - for a pittance. Informed by those in the jewellery trade that this would never change, Greg Valerio set out to prove them wrong. Fairly traded gold is now available in the UK, although the battle continues for other metals and products.

**33 Artists in 3 Acts** Sarah Thornton, 2014-11-03 This compelling narrative goes behind the scenes with the world's most important living artists to humanize and demystify contemporary art. The best-selling author of *Seven Days in the Art World* now tells the story of the artists themselves—how they move through the world, command credibility, and create iconic works. *33 Artists in 3 Acts* offers unprecedented access to a dazzling range of artists, from international superstars to unheralded art teachers. Sarah Thornton's beautifully paced, fly-on-the-wall narratives include visits with Ai Weiwei before and after his imprisonment and Jeff Koons as he woos new customers in London, Frankfurt, and Abu Dhabi. Thornton meets Yayoi Kusama in her studio around the corner from the Tokyo asylum that she calls home. She snoops in Cindy Sherman's closet, hears about Andrea Fraser's psychotherapist, and spends quality time with Laurie Simmons, Carroll Dunham, and their daughters Lena and Grace. Through these intimate scenes, *33 Artists in 3 Acts* explores what it means to be a real artist in the real world. Divided into three cinematic acts—politics, kinship, and craft—it investigates artists' psyches, personas, politics, and social networks. Witnessing their crises and triumphs, Thornton turns a wry, analytical eye on their different answers to the question What is an artist? *33 Artists in 3 Acts* reveals the habits and attributes of successful artists, offering insight into the way these driven and inventive people play their game. In a time when more and more artists oversee the production of their work, rather than make it themselves, Thornton shows how an artist's radical vision and personal confidence can create audiences for their work, and examines the elevated role that artists occupy as essential figures in our culture.

**Portable Art** Celia Forner, 2017 Celia Forner has collaborated with 15 contemporary artists to create objects which defy a conventional definition of jewellery, sitting somewhere between sculpture and wearable art. These artists' designs are crafted from a variety of materials, ranging from traditional gold and silver with precious and semi-precious gems to enamel, aluminium, bronze and iron. Beginning with an exquisitely crafted gold cuff by Louise Bourgeois, the project has evolved to include artists such as John Baldessari, Phyllida Barlow, Stefan Brüggenmann and Subodh Gupta. The catalogue features

extensive illustrations, including photos of actress Rossy de Palma modeling the various creations. Quotes from the artists themselves offer perspective into their creations and the inspiration behind them.00Exhibition: Hauser & Wirth, New York, USA (20.04.-17.06.2017).

*Ancient Jewellery* Jack Ogden,1992-01-01 00 Jewellery has a rare power to communicate, even across millennia, the feelings, beliefs, and aspirations of the people who wore it. Jewellery also contributes to the study of ancient art and metalworking techniques, for great skill was required to create what are often small-scale works of art. But the importance of surviving artifacts of the jeweller's craft--quite apart from the inherent attraction of individual pieces--is now increasing as the number of new scientific techniques available to archaeologists expands, complementing the more traditional methods of analysis. This book shows how important ancient jewellery is to interpreting the past. **Hallmarks of the Southwest** Barton Wright,2000-01-01 American Southwest Indian artists working in metal, clay, wood, textiles, and paint have proudly left their individual hallmarks on their work-and until now there has not been a comprehensive source for identifying the marks. Barton Wright, the pre-eminent historian, curator, and proponent of these native crafts-people, has filled that void by collecting and organizing these hallmarks into a useful book. Compiled over many years of work with the craftspeople, and with the cooperation of one of their main organizing bodies, the Indian Arts and Crafts Association, Mr. Wright has with this book both made a useful tool for identification and left an important record of the work of these talented people. The information is alphabetically arranged with important personal data, tribal affiliation, working dates, materials used, and facsimiles of their marks.

**Christie's** Vincent Meylan,2021-05-10 - Compiled with full access to Christie's famous archives - Reveals the romance, drama, intrigue - even danger - attached to some of the world's most storied jewels - Expertly curating Christie's extensive

archives, Vincent Meylan has drawn out the key details of each momentous sale - Stories of the world's great jewelry collections For centuries, the stories of the world's great jewelry collections have lain hidden within the archives of Christie's, the celebrated auctioneers. From the tragic European queens, Mary, Queen of Scots and Marie Antoinette - both beheaded - to Hollywood royalty such as Elizabeth Taylor, the vaults sparkle with the most famous (and occasionally notorious) names of the last 250 years. Following on from the success of his books on Boucheron: The Secret Archives, Van Cleef & Arpels: Treasures and Legends and Mellerio: Jewellers to the Queens of Europe, author Vincent Meylan explores these remarkable jewelry archives, revealing the mysteries within for the first time. Each sale had its intrigue, each its story to tell. The first auction of jewelry from the British royal family took place at Christie's in 1773, after the death of the Princess of Wales, mother of George III. As the archives reveal, in the subsequent centuries, Christie's has been party to the sale of jewelry by several further generations of British royals, from Lady Patricia Ramsay and the Countess of Southesk through to Princess Margaret, Countess of Snowdon. And, in the wake of revolution and regicide further afield, the crown jewels of France, Russia, Bavaria, Serbia, Egypt, India and Spain were all sold at Christie's. Aside from Elizabeth Taylor, the legendary movie star collections of Merle Oberon and Gloria Swanson are also revealed here, as well as the most famous pearls and diamonds in the world; each explored within the context of their owners' remarkable lives. Expertly curating the extensive archives, Vincent Meylan has drawn out the key details of each momentous sale. Original documents from the vaults are reproduced in the book, alongside hundreds of color illustrations of the jewels and their owners.

Michele Della Valle Michele della Valle, 2014 It began as a game and must remain as a game. Michele della Valle One of the most sought-after jewelers in the world... celebrated among an elite international coterie of collectors and connoisseurs... a rarefied name... a destination jeweler. Vivienne Becker for Sotheby's Magazine. Michele della Valle is unquestionably one of the leading jewelers at work in the world today. He is famed for his appreciation of rare and unusual gemstones and it is his quest for and discovery of those gems that forms the heart of every piece he makes. I am continually traveling in pursuit of that rare stone full of charm. I love to travel, I love to find... Della Valle is celebrated for his great appreciation and application of color, and it is this above all else that is most admired in his work: Rare and precious or unexpected and mysterious, the vibrant grass greens, flaming orange and lilting blues of sea and sky are the colors of jewels for which he has become celebrated. Vivienne Becker. It is his use of unusual and unconventional materials that has really marked him out as a very modern and truly original practitioner of his craft: Recently, I used carbon fiber in an unusual way to mimic the feather-like details found around the pistils of anemone flowers said Michelle della Valle in the New York Times. This book is an autobiography told through pictures of della Valle's influences and above all his spectacular jewelry creations. A story in pictures that spoke of my adventurous travels to exotic countries in search of rare and precious stones. I hope it will succeed in telling you about me, about my work, about my emotions and the myths that inspired me. It is not a boring autobiography

but rather a dream in colors. I have dreamt of extraordinary people and places, I dreamt the cheerfulness, I dreamt the colors and the joy of nature. It is precisely from these dreams my jewels are born.
