Tacky Rax King,2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column “Store-Bought Is Fine” Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to good taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in You Wanna Be On Top,

Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. But solving this murder won't be easy with a family as colorful as Nora's. Mick, her sort-of husband, is associating with unsavory characters from his past. Her sister Libby is transforming into a stage mom for her diabolical twins. And Emma, the youngest Blackbird, is mysteriously kicked out of the house by Mick. expanding subject, internationally well-known critical theorists John Armitage and Joanne Roberts present a ground-breaking aesthetic, design-led and media-related examination of the relations between historical and, crucially, contemporary ideas of luxury. *Critical Luxury Studies* offers a technoculturally inspired survey of the mediated arts and design, as well as a means of comprehending the socio-economic order with novel philosophical tools and critical methods of interrogation that are re-defining the concept of luxury in the 21st century.

Little Heathens Mildred Armstrong Kalish, 2008-04-29 I tell of a time, a place, and a way of life long gone. For many years I have had the urge to describe that treasure trove, lest it vanish forever. So, partly in response to the basic human instinct to share feelings and experiences, and partly for the sheer joy and excitement of it all, I report on my early life. It was quite a romp. So begins Mildred Kalish's story of growing up on her grandparents' Iowa farm during the depths of the Great Depression. With her father banished from the household for mysterious transgressions, five-year-old Mildred and her family could easily have been overwhelmed by the challenge of simply trying to survive. This, however, is not a tale of suffering. Kalish counts herself among the lucky of that era. She had caring grandparents who possessed—and valiantly tried to impose—all the pioneer virtues of their forebears, teachers who inspired and befriended her, and a barnyard full of animals ready to be tamed and loved. She and her siblings and their cousins from the farm across the way played as hard as they worked, running barefoot through the fields, as free and wild as they dared. Filled with recipes and how-tos for everything from catching and skinning a rabbit to preparing homemade skin and hair beautifiers, apple cream pie, and the world's best head cheese (start by scrubbing the head of the pig until it is pink and clean), *Little Heathens* portrays a world of hardship and hard work tempered by simple rewards. There was the unsurpassed flavor of tender new dandelion greens harvested as soon as the snow melted; the taste of crystal clear marble-sized balls of honey robbed from a bumblebee nest; the sweet smell from the body of a lamb sleeping on sun-warmed grass; and the magical quality of oat shocking under the light of a full harvest moon. *Little Heathens* offers a loving but realistic portrait of a "hearty-handshake Methodist" family that gave its members a remarkable legacy of kinship, kindness, and remembered pleasures. Recounted in a luminous narrative filled with tenderness and humor, Kalish's memoir of her childhood shows how the right stuff can make even the bleakest of times seem like "quite a romp."

Making Soaps & Scents Catherine Bardey, 1999-10-01 With this book, it is easy to create soothing suds and a wide variety of perfumes, colognes and splashes that moisturize, revitalize and aromatize skin and hair. Following the simple step-by-step directions, readers can make all the body products of their dreams, from Buttermilk Oatmeal Soap and Tangerine Cocoa Bar to Lemon Lavender Shampoo. Each recipe also points out how readers can improvise and create their own special soaps and scents. A special section details the techniques of the world's most famous fragrance producers and traces perfume history. The book includes a resource directory, safety hints and ways to make your soaps more earth-friendly.

Enjoying Frugal Luxuries Carole Stern, 2005-08-30 ENJOYING FRUGAL LUXURIES Today with an overload of media hype in the form of TV, books and magazines, it is easy to be confused by such a wide range of choices. Madison Avenue has spent millions of dollars telling us how to dress, decorate, and entertain. Their refrain is always the same. Bigger, faster, newer is always better. We are all told to trade in, trade up. As a result we lose confidence in ourselves and in our ability to make realistic choices. The constant emphasis on money and acquisition leaves us with a sense of insecurity and a loss of our authentic self. Instead we need to focus on what truly pleases us instead of what we are told we should want. Enjoying Frugal Luxuries is about how to be pleased with much of what you already own, which does not mean making do, but instead making better. With a little care and special attention, many things can be transformed into something new and lovely. This is a lifestyle book for women like me who want to simplify their lives and live with their own personal style. The book is organized as a journey through the year, beginning in January and ending in December. But whenever you receive this book just sit back and enjoy it. Do go back and read the January chapter because this begins your journey by creating a special place for you, a retreat from the world in which to read, write, sew, paint, to contemplate and create. I believe this is something that every woman needs and should have. In this chapter you will also learn how to schedule some time for yourself beginning by choosing a weekly planner to organize your time and your life. Every month you will find: SOMETHING FOR YOURSELF: This section provides ideas for growth that are just for you. Here you will learn to reduce stress and enjoy more pleasure every day. ORGANIZATION: This will provide more bliss for you by inexpensively creating a home that is rid of clutter and help you conquer the paper demon. It will provide you with a kitchen that works for you, closets that go from messy to manageable, and organize each room of your home for ease living. YOUR ROOMS: Here you will learn inexpensive ways to decorate every room in your home. You will be incorporating your own style to make a very personal and inviting place to return to every day. Remember! What you love will never go out of style. CELEBRATIONS: Life is full of celebrations and milestones of our lives. Here you will also find ideas for celebrating holidays at home. GATHERINGS: Here you will find ideas for entertaining friends and family alike. Most of these ideas will be seasonal, so sit back and plan some fun with your friends and family. These recipes will not be expensive to make, but delicious to serve. Both the Celebrations and Gatherings will be examples of frugal entertaining. OUTSIDE INTERESTS: This section is about your outdoor environment, your garden, porch, patio or deck. I believe that decorating has much to learn from gardening. You plan a lot, prune a lot, plant a lot, withdraw some, but in the end both your home and outdoor environment will reflect your sense of style. AGENDA: Regardless of whether you live in a small home, apartment, or a grand home, your home is your castle and castle upkeep takes a lot of work! In this section you will get some ideas on doing the work efficiently and also delegating to get the work done.
